INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

Board of County Commissioners Santa Rosa County, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited Santa Rosa County, Florida's (hereinafter referred to as "County") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2023. The County's major federal programs and state projects are identified in the summary of auditor results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2023.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General.* Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General,* are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the County's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to
 test and report on internal control over compliance in accordance with the Uniform Guidance
 and the Florida Department of Financial Services State Projects Compliance Supplement,
 but not for the purpose of expressing an opinion on the effectiveness of the County's internal
 control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Rosa County, Florida, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 18, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purpose of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Pensacola, Florida March 18, 2024

SANTA ROSA COUNTY, FLORIDA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) includes the federal and state grant activity of Santa Rosa County, Florida, under programs of the federal and state government for the year ended September 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance), Chapter 69I-5, State Financial Assistance, Rules of the Department of Financial Services, and Chapter 10.550, *Rules of the Auditor General.* Therefore, some amounts presented in this Schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and Chapter 69I-5, State Financial Assistance, Rules of the Department of Financial Services, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Santa Rosa County, Florida, elected to utilize the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. EXPENDITURES INCURRED IN PRIOR FISCAL YEAR

Total Federal Assistance Listing No. 97.036 expenditures of \$283,405 were incurred in a prior fiscal year and obligated by FEMA in the current fiscal year.

B. FINANCIAL STATEMENT FINDING

Finding required to be reported in accordance with Government Auditing Standards:

FINDING 2023-001 GRANT REVENUE RECOGNITION (RECURRING) - MATERIAL WEAKNESS

Criteria

The County's internal control over financial reporting is designed to allow for management and employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, a material misstatement on a timely basis. Pursuant to GASB Statement No. 33, recipients of expenditure-driven grants should recognize revenue as qualifying expenditures are incurred.

Condition

Supporting documentation for grant revenues and expenditures did not reconcile to the accounting records and to the Schedule of Expenditures of Financial Awards (SEFA).

Cause

Reconciliation of grant activities for financial reporting purposes was not prepared and reviewed on a timely basis by appropriately experienced and trained personnel. While the County has a written policy for grant administration activities, that policy does not provide the guidance necessary to facilitate financial reporting of grant activities in accordance with U.S. general accepted accounting procedures as well as preparation of the SEFA required by the Uniform Guidance.

Effect

Adjustments were required to properly reconcile grant activity for financial reporting purposes and to prepare the SEFA.

Recommendation

Management should review grant policies and procedures with key personnel to ensure the process for estimating the year-end grant accrual balance allows for matching grant revenues with related qualifying expenditures. These policies should reflect who is responsible for preparing and reviewing the reconciling schedule of grant activities for financial reporting purposes as well as preparation of the SEFA.

SANTA ROSA COUNTY, FLORIDA SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED SEPTEMBER 30, 2023

B. FINANCIAL STATEMENT FINDING - CONTINUED

Views of Responsible Officials

We have reviewed the report and are pleased that you found the County complied with the types of requirements identified in OMB *Compliance Supplement* and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of our major federal programs and state projects for the year ended September 30, 2023. To ensure we continue to maintain compliance with these standards, the Board of County Commissioner's staff plan to take the following actions.

- Establish Compliance Policies and Procedures in the Grant Manual to ensure review of expenditures and revenues on a regular basis in accordance with GASB Statement No. 33.
 - With the separation of the financial responsibilities between the Clerk Comptroller and the Board of County Commissioners (BOCC), it is imperative to clearly identify and communicate who the responsible party is for reconciling grant revenues and expenditures.
- Establish a reporting system that easily identifies discrepancies or irregularities in revenues versus expenditures.
 - With the increase of grant funding in the last several years, the Clerk Comptroller current finance system has not allowed for the quick review of the various grants managed by various departments. Implementation of separate system is currently underway and will provide the reporting capability necessary to quickly review revenues and expenditures per grant project.
- Attend training provided by the Clerk Comptroller or assigned personnel related to the preparation of the SEFA.
 - The Single Audit Report for the fiscal year ending September 30, 2022, outlined training that would be provided to ensure future compliance. BOCC staff are eager to attend the training when scheduled.

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL PROGRAM

There were no findings, which were required to be reported in accordance with the Uniform Guidance.

D. FINDINGS AND QUESTIONED COSTS - MAJOR STATE FINANCIAL ASSISTANCE

There were no findings, which were required to be reported in accordance with Chapter 10.550, *Rules of the Auditor General*.
