INDEPENDENT AUDITORS' REPORT

Honorable Board of County Commissioners
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Rosa County, Florida, (the "County") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Notes K and P, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions- an amendment of GASB Statement No. 27*, as well as Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment to GASB Statement No. 68*, as of October 1, 2014. These standards significantly changed the accounting for the County's net pension liability and the related disclosures. Our opinions are not modified with respect to this matter.

Other Matters***Required Supplemental Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules for the general fund and the road and bridge fund, the schedules of proportionate share of the net pension liability, the schedules of the County's contributions, and the schedules of funding progress and employer contributions for other post-employment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2016, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Pensacola, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis provides an objective and easily readable analysis of Santa Rosa County's (County) financial activities. The analysis provides summary financial information for the County and should be read in conjunction with the County's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to the financial statements*. The *Government-wide financial statements* present an overall picture of the County's financial position and results of operations. The *Fund financial statements* present financial information for the County's major funds and non-major funds in the aggregate. The *Notes to the financial statements* provide additional information essential to a full understanding of the data provided in the Government-wide and Fund financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental Activities are primarily supported by property taxes, sales taxes, federal and state grants, and state shared revenues. Business-type Activities are supported by charges to the users of those activities, such as water and sewer service charges.

The **statement of net position** presents information on all assets, deferred outflows of resources, liabilities and deferred inflows of resources of the County, with the difference between assets plus deferred outflows and liabilities and deferred inflows reported as net position. Net position is reported in three categories: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, deferred outflows, liabilities, deferred inflows and net position are reported for all Governmental Activities separate from the assets, deferred outflows, liabilities, deferred inflows and net position of Business-type Activities.

The **statement of activities** presents information on all revenues and expenses of the County and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the County. To assist in understanding the County's operations, expenses have been reported as governmental activities or business-type activities. Governmental Activities financed by the County include public safety, physical environment, transportation, economic environment, human services, culture and recreation, and general government services. Business-type Activities financed by user charges include water and sewer services, solid waste disposal, and hangar leases.

Fund financial statements present financial information for governmental funds and proprietary funds. These statements provide financial information for the major funds of the County. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary funds financial statements provide information on all assets, deferred outflows, liabilities and deferred inflows of the funds, changes in the economic resources (revenues and expenses), and total economic resources.

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures, and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances - budget and actual**, is provided for the County's General Fund and major governmental funds as required supplemental information. For the proprietary funds, which include an internal service fund in addition to business-type activities, a **statement of net position**; a **statement of revenues, expenses, and changes in fund net position**; and a **statement of cash flows** are presented. *Fund financial statements* provide more detailed information about the County's activities. Individual funds are established by the County to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

The *government-wide financial statements* and the *fund financial statements* provide different *pictures* of the County. The government-wide financial statements provide an overall picture of the County's financial standing, split between Governmental Activities and Business-type Activities. These statements are comparable to private-sector companies and give a good understanding of the County's overall financial health and how the County paid for the various activities, or functions, provided by the County. All assets of the County, including buildings, tangible property, land, roads, bridges, and similar infrastructure are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds, capital leases, and future employee benefits obligated but not paid by the County, are included. The **statement of activities** includes depreciation on all long lived assets of the County. The *fund financial statements* provide a picture of the major funds of the County and a column for all non-major funds. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities are not included in the fund financial statements. Reconciliations are provided from the *fund financial statements* to the *government-wide financial statements* to facilitate a comparison between governmental funds and governmental activities. *Notes to the financial statements* provide additional detail concerning the financial activities and financial balances of the County. Additional information about the accounting practices of the County, investments of the County, long-term debt, and pension plans are some of the items included in the *notes to the financial statements*.

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of government's financial position. In the case of the County, assets plus deferred outflows exceeded liabilities plus deferred inflows by \$174 million as of September 30, 2015.

The largest portion of the County's net position (85%) reflects its investments in capital assets (e.g., land, buildings, equipment, improvements, construction in progress and infrastructure), less any debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the County is able to report both negative and positive balances in all three categories of net position for the County as a whole, as well as for its governmental and business-type activities.

There was a decrease in net position from governmental activities of \$28 million. This consisted of an increase of \$4.6 million to invested in net investment in capital assets, an increase of \$2.2 million to restricted net position and a decrease of \$35.2 million to unrestricted net position. The primary reasons for these changes was a result of the implementation of GASB 68. There was also an approximate \$2 million decrease in property taxes as a result of collecting back taxes in the previous year from the Navarre Beach litigation. Expenditures were decreased in transportation due to fewer road paving projects as a result of funding restraints.

There was an increase in net position from business-type activities of \$1.5 million. This consisted of an increase of \$229,000 to net investment in capital assets, an increase of \$259,000 in restricted net position and an increase of \$1 million to unrestricted net position. The primary reason for the increase to unrestricted net position was the increase in landfill revenues of 1.2 million as a result of increased usage.

Following is a comparative statement of net position (amounts expressed in thousands):

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014
Current and other assets	\$ 81,229	\$ 80,430	\$ 17,518	\$ 14,568	\$ 98,747	\$ 94,998

Financial Analysis of Governmental Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The County's governmental funds reported combined ending fund balances of \$66.5 million (37% is unassigned). This is a \$1.5 million increase from the previous year. The bulk of the increase was from charges for services for housing Escambia County prisoners after their jail was damaged.

Following is a comparative statement of changes in net position (amounts expressed in thousands):

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014

The General fund is the primary operating fund of the County. Expenditures exceeded revenues by \$55,000. Expenditures were up by \$5.5 million (7.4%) from the prior year, mostly in general government, economic environment and public safety.

The Road and Bridge fund accounts for fuel and other taxes designated for road improvements. During the year, fund balance increased by \$421,000. Transfers in from other funds of \$4.9 million and restricted fund balances of \$3.6 million were used to offset an operating loss resulting from various road repairs.

Financial Analysis of Proprietary Funds

The Navarre Beach fund accounts for the operations of the Navarre Beach water and sewer system. Revenues were up from the prior year due to increased usage and expenses were down \$119,000 from the prior year primarily due to water main repairs in the previous year that weren't incurred in the current year. There was an operating income of \$257,000. Interest income and a capital contribution from federal and state grants led to a net income of \$408,000.

The Landfill fund is used to account for the solid waste disposal operations at the County landfills. Operating revenues were up from the prior year due to increased usage. Expenses were up from the previous year, mostly due to a significant increase in landfill closure costs over the prior year. Operating income was \$1.3 million and the sales of recycled materials helped the fund to end the year with an overall net position increase of \$1.5 million.

Budgetary Analysis

The General fund budget was increased by \$6.9 million from the original budget (an increase of 9.6%). Several departments had increases: Sheriff, \$1.3 million for capital equipment and increased inmate housing costs; Emergency Communications, \$1 million for the 911 system upgrade; Disaster fund, \$992,000 for repairs from the April 2014 flood; and Road & Bridge, \$991,000 for the parking lot in the Industrial Park.

Actual expenditures were less than the final budgeted expenditures by \$3.2 million. The major reasons for this variance are that the County did not spend 1) \$581,000 for the Emergency Communications, 2) \$136,000 for Navarre Beach operations, 3) \$136,000 for Library operations and \$) \$118,000 on Parks.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

As of September 30, 2015 the County had \$154 million invested in a broad range of capital assets, including land, buildings, equipment, park facilities, roads and other infrastructure. (See table below.) This amount represents a net increase (including additions, discoveries and deductions) of \$3 million from last year.

Capital Assets at Year-end (Net of Depreciation, in Thousands)

	Governmental Activities		Business-type Activities		Totals	
	2015	2014	2015	2014	2015	2014

More detailed information about the County's capital assets and long term liabilities is presented in Notes F & G to the financial statements, respectively.

OTHER CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS

Subsequent to year end, the Board of County Commissioners voted on downtown Milton as the future location of a new courthouse. The County has not secured all the necessary parcels to construct the facility in this location. The City of Milton has obtained several of the required parcels and is attempting to obtain the other parcels needed. There has been no definitive funding designated for the construction of the courthouse as of yet. A Local Option Sales Tax (LOST) and a Municipal Services Taxing Unit (MSTU) have been discussed as possible funding sources for the proposed courthouse.

RECONCILIATION OF THE BALANCE SHEET
OF GOVERNMENTAL FUNDS TO
THE STATEMENT OF NET POSITION

September 30, 2015

Total Governmental Funds Balances	\$ 66,495,957
<i>Amounts reported for governmental activities in the statement of net position are different because:</i>	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds:	
Prior periods' investment in capital assets	257,120,286
Less accumulated depreciation	(121,599,510)
Current period investment in capital assets	13,666,013
Current period depreciation	(9,932,870)
Current period loss on disposal of capital assets, net of proceeds	(308,952)
Deferred inflows of resources are not financial resources and therefore not reported in the funds	
Deferred charges on bond refunding	40,325
Deferred outflow of resources for pension	6,767,135
Deferred outflow of resources for health insurance subsidy	1,520,848
Deferred inflow of resources for pension	(8,024,200)
Deferred inflow of resources for health insurance subsidy	(77,448)
Current period amortization/writeoff of deferred refunding costs	(21,996)
Long term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
Revenue bonds	(573,637)
Notes payable	(1,007,069)
Compensated absences	(8,090,286)
Special assessment notes payable	(3,192,184)
Interest payable	(13,264)
Pension liability	(22,160,110)
Health insurance subsidy liability	(12,704,004)
Other post employment benefits liability	(6,376,886)
Current period revenue bond payments	284,342
Current period note payments	85,456
Current period change in compensated absences	145,907
Current period special assessment note payments	823,396
Current period increase in other post employment benefits liability	(491,701)
Long term receivable are not available to pay for current period expenditures and, therefore are deferred on the modified accrual basis in governmental funds	436,375
Internal service funds are used by management to charge the costs of providing insurance coverage to individual funds and therefore, the assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position.	
Assets	5,682,411
Deferred outflows of resources	37,306
Liabilities	(2,749,552)
Deferred inflows of resources	(22,494)
Net Position of Governmental Activities	<u>\$ 155,759,594</u>

The accompanying notes are an integral part of these financial statements.

Santa Rosa County, Florida

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

For the year ended September 30, 2015

Net Change in Fund Balances - Total Governmental Funds	\$ 1,538,646
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period these amounts are:	
Current period investment in capital assets	13,666,013
Current period depreciation	(9,932,870)
Current period loss on disposal of capital assets, net of proceeds	(308,952)
In the statement of activities, interest is accrued on outstanding loans, whereas in governmental funds, an interest expenditure is reported when due.	
Change in interest payable	4,908
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. Also debt proceeds are an other financing source in the governmental funds, but the issuance increases long-term liabilities in the statement of net position.	
Current period change in compensated absences	145,907
Current period note payments	85,456
Current period revenue bond payments	284,342
Current period special assessment note payments	823,396
Current period bond refunding costs	(21,996)
Current period change in pension liability	(12,101,411)
Current period change in health insurance subsidy	(1,410,156)
Current period increase in other post employment benefits liability	(491,701)
Current period change in deferred outflow of resources on pensions	5,467,238
Current period change in deferred inflow of resources on pensions	9,377,857
Current period change in deferred outflow of resources on health insurance subsidy	997,493
Current period change in deferred inflow of resources on health insurance subsidy	(67,249)
Internal service funds are used by management to charge the costs of providing insurance coverage and therefore, the change in net assets of the internal service fund is included in governmental activities in the Statement of Activities.	
	654,155
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds	
Change in reserve for inventory	4,967
Change in Net Position of Governmental Activities	\$ 8,716,043

The accompanying notes are an integral part of these financial statements.

Santa Rosa County, Florida

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied consistently in the preparation of the financial statements follows:

1. Reporting Entity

The Governmental Accounting Standards Board (GASB) established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations. As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Santa Rosa County, Florida (the County) is a political subdivision of the State of Florida created pursuant to Article 8, Section 1(e), of the Constitution of the State of Florida and Chapter 7 of the Florida Statutes. It is governed by a five member Board of County Commissioners (the Board) elected from single-member districts. The Board has no powers other than those expressly vested in it by the Florida Statutes and its governmental powers cannot be delegated. The Board appoints an administrator to administer all policies emanating from its statutory powers and authority. In addition to the Board, there are five elected Constitutional Officers, pursuant to Article 8, Section 1(d) of the Constitution of the State of Florida: Clerk of Courts, Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections.

These financial statements include the operating activities of the Board, Clerk of Courts, Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections.

Dependent Special Districts

Blackwater Soil & Water Conservation District - The Blackwater Soil & Water Conservation District (Blackwater) was created by the Florida Legislature in 1942 pursuant to Florida Statute Section 582. Santa Rosa County was established as the local governing authority and is Blackwater's only source of funding. Blackwater does not meet the criteria as a legally separate entity in that it cannot buy, sell, own, lease and mortgage property in its own name. The activities of Blackwater are included in these financial statements as a department of the Board within the General Fund.

Pace Property Finance Authority - The Pace Property Finance Authority (Authority) was created in 1990 by County Resolution No. 90-12 pursuant to Chapter 617 of the Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the County. However, the Authority meets the criteria for inclusion in more than one reporting entity - Pace Water System as well as the County. In these cases, judgment must be exercised by management of the reporting entities as to which reporting entity the organization should be included. The Authority has the same elected governing body as the Pace Water System. Additionally, both

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

the Authority and Pace Water System own portions of a single water/sewer system; thus, their capital assets are part of an interconnected system. Finally, the Authority's debt was issued solely to finance the Pace water/sewer system improvements. Based on these facts, management has decided to include the Authority in the combined financial statements of Pace Water System rather than as a component unit of the County.

Santa Rosa County Health Facilities Authority - The Santa Rosa County Health Facilities Authority (Authority) was created in 1982 by County Ordinance No. 82-02 pursuant to Section 154, Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. The Board appoints the five (5) members of the Authority. Additionally, the Board may abolish the Authority at any time by ordinance or resolution as long as all bonded indebtedness incurred by the Authority has been paid. The Authority exists solely to assist health facilities within the County with the acquisition, construction, financing, and refinancing of projects through issuance of conduit debt. All bonds issued by the Authority were subsequently defeased through issuance of new debt culminating with the issuance of \$58 million in new bonds in 2003. The debt outstanding is a limited obligation of the Authority and not a general obligation of the Authority or the Board. The Authority is not obligated to pay the principal and interest on the bonds except from the revenues of the Authority pursuant to its loan agreement with Gulf Breeze Hospital. The Authority has no financial activity and the bonds issued under the Authority's name are recorded in the books of the hospital.

Santa Rosa County Housing Finance Authority - The Santa Rosa County Housing Finance Authority (Authority) was created in 1984 by County Resolution No. 84-18 pursuant to Chapter 78-89, Laws of Florida codified as Chapter 159, Part IV, Section 159.601 through 159.623. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of Santa Rosa County. The Board, through various resolutions and interlocal agreements with the Escambia County Housing Finance Authority (ECHFA), has authorized ECHFA to allow qualified residents of the County to apply for and obtain preferential mortgages from proceeds generated by bonds issued by ECHFA. Accordingly, there is no financial activity related to the Authority to be reflected in these financial statements.

2. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The County groups its funds into two broad fund categories as either governmental or proprietary in nature. Governmental funds include the general, special revenue, debt service, and capital project funds. Proprietary funds include enterprise funds and an internal service fund.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

3. Basis of Accounting

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which primarily rely on fees and charges for support. Fiduciary funds are excluded from the government-wide financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, the governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund financial statements.

The government-wide Statement of Activities presents a comparison between expenses and program revenues for each segment of the business-type activities of the County and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the County.

Net position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other purposes result from special revenue funds and the restrictions on their use. In a fund with both restricted and unrestricted positions, qualified expenses are considered to be paid first from restricted net position then from unrestricted net position. The government-wide statement of net position reports \$31,016,535 of restricted net position, of which \$30,606,937 is restricted by enabling legislation.

FUND FINANCIAL STATEMENTS

The Fund financial statements, as presented herein, focus primarily on the major funds of the governmental and proprietary categories. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the County’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- Road and Bridge Fund – Accounts for that portion of state fuel taxes and fees designated for road improvement projects.

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period – except for certain grant revenues which are recognized as revenues in the same period the grant expenditures occurred). This includes investment earnings, property taxes, special assessments, fines and forfeitures. Certain state-levied locally shared taxes including motor vehicle license tax and fuel taxes are considered derived non-exchange transactions. These types of transactions are subject to income recognition when the underlying transaction occurs. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on governmental long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

PROPRIETARY FUNDS

All proprietary funds use the accrual basis of accounting and the economic resources measurement focus. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year-end.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the County's enterprise funds and internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The major proprietary funds are:

- Navarre Beach Fund – Accounts for the operation and maintenance of the water and sewer system of Navarre Beach.
- Landfill Fund – Accounts for the operation of the solid waste disposal facilities of the County.
- Peter Prince Fund – Accounts for the operation of Peter Prince airport.

The County's only internal service fund is the Self Insurance Fund. This fund accounts for the risk management activities of the County and the other elected officials. Costs are billed to the departments and other elected officials at the actual and estimated costs of providing insurance coverage. At year-end, uncovered costs are billed to the departments, if necessary. Billings in excess of costs are credited to the departments. The policy of the County is not to eliminate interfund activity, i.e. the estimated insurance costs billed to the departments, in the government-wide statement of activities, so as to better reflect the true operating costs of those departments.

FIDUCIARY FUNDS

The County has fifteen agency fiduciary funds. Agency funds are unlike all other types of funds, reporting only assets and liabilities. Therefore agency funds cannot be said to have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

4. Budgets and Budgetary Accounting

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

5. Cash and Cash Equivalents

For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

6. Investments

Investments in U.S. Treasury bills, government backed securities and the Florida Local Government Investment Trust Fund are recorded at fair value. As permitted by GASB Statement No. 31, short term money market investments are reported at amortized cost rather than fair value.

7. Inventory

Inventory consists of gas, oil, automotive parts, road signs, culverts, and various other items used by the road department and insecticides used by mosquito control operations. Inventory is valued at cost (first in, first out). The cost is recorded as an expenditure at the time the inventory is purchased.

In the fund level statements, reported inventories are equally offset by a nonspendable fund balance since such amounts will not convert to cash even though they are a component of net current assets.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

8. Accounting for Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that does not add to the value of an asset or materially extends an asset's life is not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The County does not capitalize interest expense on borrowings used to finance construction of capital assets, as the capitalizable interest, after netting of interest earnings, is normally insignificant.

Property, plant and equipment of the County is depreciated using the straight line method over the following estimated useful lives:

Buildings	20 - 50 years
Water Distribution System	20 years
Improvements	10 - 20 years
Equipment	3 - 10 years
Infrastructure	40 years
Intangibles	3 - 5 years

9. Compensated Absences

It is the policy of the County to permit employees to accumulate a limited amount of earned but unused leave benefits which will be paid to employees upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the government-wide and proprietary fund financial statements. The valuation of accrued leave benefits is calculated in accordance with GASB Statement No. 16. The majority of the compensated absences liability has been paid out of the General (75%) and the Road and Bridge (25%) funds.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

10. Property Taxes

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. Florida Statutes require that all property be assessed at 100 percent of just value.

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4, 3, 2 and 1 percent are allowed for early payment in November through February, respectively. The Tax Collector advertises as required by statute and sells tax certificates for unpaid taxes on real property. Certificates not sold are considered "County Held Certificates." Persons owning land upon which a tax certificate has been sold may redeem the land by paying the face amount of the tax certificate, plus interest and other costs.

Property taxes levied on property valuations as of January 1, 2015 and expected to be collected during the period November 2015 through March 2016 are as follows:

General Fund	\$ 48,889,600
--------------	---------------

These taxes, although measurable, are not recognized as revenue at September 30, 2015, since they are not considered to be collectible within the current period or soon enough thereafter to be used to pay current period liabilities.

11. Landfill Closure Costs

Under the terms of current state and federal regulations, the County is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The County recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

12. Allowance for Uncollectible Amounts

Accounts receivable for the County are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon past collection history.

13. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance) of the County. Those committed amounts cannot be used for any other purpose unless the County removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board or a County official delegated that authority by County resolution or ordinance.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE B - CASH AND INVESTMENTS

At September 30, 2015, the bank held deposits of \$84,852,065 (before outstanding checks and deposits in transit) consisting of amounts held in checking, savings, money market or time deposit accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida.

The County's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Pursuant to Florida Statutes Section 218.415, the County adopted an investment policy which outlines the County's investment responsibilities, objectives, and policies. The County's investment policy authorizes the County to invest in the following:

- a. The Local Government Surplus Funds Trust Fund (SBA) (Maximum of 75%)*;
- b. Florida Local Government Investment Trust (FLGIT) (State Investment Trust) (100% allowed)*;
- c. Qualified money market mutual funds (Maximum of 50%)*;
- d. U.S. Treasury bills, notes and bonds (100% allowed);
- e. Obligations guaranteed by the U.S. Government as to principal and interest such as obligations of the Government National Mortgage Association (GNMA) (Maximum of 5%)*;
- f. Non-callable Government Agency securities (Maximum of 25%)*:
 - (i) Federal Farm Credit Bank (FFCB),
 - (ii) Federal Home Loan Mortgage Corporation (FHLMC),
 - (iii) Federal Home Loan Bank (FHLB),
 - (iv) Federal National Mortgage Association (FNMA).This classification of government agency securities does not include any mortgage debt of any government agency;
- g. Time deposits and savings accounts in banks or savings and loan associations doing business in Florida (Maximum of 50%)*;
- h. Repurchase agreements for investments authorized in categories d, e, or f above. (Maximum of 40%)*

*To limit the County's concentration of credit risk these are the maximum percentages of the County's total portfolio that can be in each type of investment.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS

NOTE B - CASH AND INVESTMENTS - Continued

Interest rate risk is limited by no security having a maturity exceeding 2 years. The weighted average to maturity for the portfolio shall be less than 365 days. Investments placed with the FLGIT, which typically invests in instruments with maturities of less than 5 years, are exempt from this limitation.

The FLGIT, also known as Florida Trust, is a local government investment pool created by the Florida Association of Court Clerks and Comptroller, and the Florida Association of Counties for the purpose of providing public entities with an investment program by providing investment vehicles for funds that can be invested in short- to intermediate-term securities and have returns generally greater than the national average for money market instruments. The fair values of the County's positions in the pool are the same as the value of the pool shares. The Florida Trust offers two open-ended, professionally managed funds available only to public entities in Florida.

The Investment Trust:

A short term bond fund with an investment portfolio structured to maintain safety of principal and maximize available yield through a balance of quality and diversification. As of September 30, 2015 the Investment Trust managed \$949.53 million and had a price per share of \$24.30. This short term bond fund invests in U.S. Treasuries and Agency Securities, Mortgages, Commercial Paper, Asset-Backed Securities, and "A" rated Corporate Securities.

The Day to Day Fund:

The Florida Trust Day to Day Fund is a money market product created in response to demand to provide a fiscally conservative diversification option for Florida local governments. Fund features include same day transactions and online account management. The fund is AAAM-rated by Standard and Poor's and is governed by the same board and advisory committee that oversees the Investment Trust.

NOTE B - CASH AND INVESTMENTS - Continued

Schedule of Cash and Investments at September 30, 2015

	<u>Carrying Amount</u>
Investments:	
FLGIT Investment Trust Fund	\$ 11,196,582
Total Investments	<u>11,196,582</u>
Cash:	
Cash in Bank	27,192,429
Day to Day Trust	50,939,892
Petty Cash	<u>1,325</u>
Total Cash	<u>78,133,646</u>
Total Cash and Investments	<u><u>\$ 89,330,228</u></u>

Restricted cash and investments typically consist of funds set aside for the payment of debt and funds set aside to ensure assets producing the pledged revenues are repaired and replaced as needed. These assets are restricted since their use is limited by the applicable bond indentures. Other restricted assets consist of funds restricted to the payment of future landfill closure costs.

Restricted investments by category and by fund are as follows:

	<u>Landfill Fund</u>
Landfill escrow	<u><u>\$ 5,226,306</u></u>

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE C – DUE FROM OTHER GOVERNMENTAL UNITS

At September 30, 2015, amounts due from other governmental units were as follows:

Federal Government - Grants	\$ 173,370
State of Florida - Grants	3,705,341
State of Florida - Taxes	1,856,826
Local taxes	773,671
Other	85,701
	<u>\$ 6,594,909</u>

NOTE D – INTERFUND TRANSACTIONS

Interfund transactions for the year ended September 30, 2015 were as follows:

	Interfund Receivable	Interfund Payable	Interfund Transfers in	Interfund Transfers out
General fund	\$ 1,665,567	\$ 992,000	\$ 3,553,293	\$ 2,024,698
Road & Bridge fund	47,260	-	4,902,237	63,964
Nonmajor Governmental funds	1,027,577	1,748,404	3,968,007	10,976,941
Navarre Beach fund	-	-	142,066	-
Self Insurance fund	-	-	500,000	-
Total	<u>\$ 2,740,404</u>	<u>\$ 2,740,404</u>	<u>\$ 13,065,603</u>	<u>\$ 13,065,603</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move unrestricted revenues collected in the general fund to finance various programs in accordance with budgetary authorizations.

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Hanger rental	<u>291,016</u>

Total business-type activities depreciation expense	<u><u>\$ 1,450,991</u></u>
---	----------------------------

Additions to accumulated depreciation do not agree with depreciation expense due to transfers of capital assets between departments or asset classes.

NOTE G- LONG-TERM DEBT

1. Changes in Long-Term Debt

Deferred charges on refunding of bonds totaling \$36,658 are reported as deferred outflow of resources in the governmental activities and proprietary funds.

Special assessment notes are fully secured by annual assessments made against property owners of the specific area that benefited from the proceeds of the notes. The County has no legal obligation to levy ad valorem taxes or cover the notes in case of default by the property owners. The County does, however, maintain a moral commitment to cover the debt payments until such time as the property owners can make the payments.

4. Debt Service Requirements

The annual requirements to amortize all bonds and notes outstanding at September 30, 2015 are as follows:

Governmental activities:

Year ended September 30,	Principal	Interest	Total
2016	\$ 1,058,751	\$ 101,243	\$ 1,159,994
2017	700,967	74,667	775,634
2018	583,243	54,116	637,359
2019	293,038	38,714	331,752
2020	171,831	30,526	202,357
2021-2025	692,374	77,503	769,877
2026-2030	79,492	1,340	80,832
	<u>\$ 3,579,696</u>	<u>\$ 378,109</u>	<u>\$ 3,957,805</u>

Business-type activities:

Year ended September 30,	Principal	Interest	Total
2016	\$ 749,615	\$ 110,518	\$ 860,133
2017	478,220	89,459	567,679
2018	496,485	70,847	567,332
2019	515,447	51,637	567,084
2020	535,020	31,464	566,484
2021-2025	555,569	10,639	566,208
	<u>\$ 3,330,356</u>	<u>\$ 364,564</u>	<u>\$ 3,694,920</u>

5. Defeased Debt Outstanding

In prior years the County defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the County's financial statements. At September 30, 2015, \$650,000 of bonds are considered defeased.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE H - CONDUIT DEBT OBLIGATIONS

The County has issued certain limited-obligation debt instruments, including: 1) industrial development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest; and 2) certain municipal service benefit unit revenue notes to finance the acquisition, construction, reconstruction and equipping of capital improvements within the municipal service benefit unit. The debt instruments are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither the Board, the State nor any political subdivision thereof is obligated in any manner for repayment of the debt instruments. Accordingly, the debt instruments are not reported as liabilities in the accompanying financial statements.

Debt issues related to conduit financings outstanding at September 30, 2015 are as follows:

	<u>Date Issued</u>	<u>Final Maturity</u>	<u>Amount Issued</u>	<u>Outstanding 9/30/2015</u>
Baptist Hospital, 2003	8/21/2003	10/1/2021	\$ 57,905,000	\$ 57,905,000
Holley Navarre Water System, 2004	6/2/2004	5/1/2024	4,145,000	2,205,000
Pace Volunteer Fire Department	4/16/2007	3/8/2017	1,169,000	226,256
Navarre Beach Volunteer Fire Department	4/25/2007	4/25/2017	<u>300,000</u>	<u>62,146</u>
Total			<u>\$ 63,519,000</u>	<u>\$ 60,398,402</u>

NOTE I - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require the Board to place a final cover on its landfill sites when the landfill stops accepting waste and to perform certain maintenance and monitoring functions at sites for thirty years after closure. Although closure and postclosure care costs are paid only near or after the date that a landfill stops accepting waste, the Board reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$9.5 million reported as landfill closure and postclosure care liability (current and noncurrent) at September 30, 2015, represents the cumulative amount reported to date based on the following percentage usage of the estimated capacity of each of the Board's landfills:

Central Class I Landfill	90%
Central Class III Landfill (New)	39%
Central Class III Landfill (Old)	Closed 10/98

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE I - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS - Continued

The estimated cost of postclosure care for the Central Class III and Holley landfills has been recognized in prior years with any changes in estimates being recorded in the current year. The Board will recognize the remaining estimated cost of closure and postclosure care for the Central Class I and Class III landfills in the amount of \$4.8 million as its remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2015.

The estimated remaining lives of the Central Class I and Class III landfills are 15 and 30 years, respectively. Cost of closure and life estimates are based on the areas currently in use, and not on potential areas of expansion. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Board is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. At September 30, 2015, the Board held investments of \$5,226,306 to cover the escrow requirement of \$5,226,306. These investments are reported as restricted assets in these financial statements. The Board expects that future inflation costs will be paid from interest earnings on these restricted investments and from charges to future landfill users or future tax revenue.

NOTE J - COMMITMENTS AND CONTINGENCIES

1. Retirement Plan

Participation - Employees of the County participate in the Florida Retirement System, a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

Benefit Provisions – The Florida retirement system offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011, are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Normal retirement benefits are available to employees who retire at age 62 or 65 (depending on hire date) with 6 or 8 (depending on hire date) or more years of service, or to those employees who have at least 30 or 33 (depending on hire date) years of creditable service, regardless of age. Retirement age and years of service requirements may vary depending on membership class. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years-of-service credit where average compensation is computed as the average of an individual's five (if enrolled prior to July 1, 2011) or eight (if enrolled on or after July 1, 2011) highest years of earnings.

The FRS Investment Plan is a defined contribution plan in which participants are vested after one year of service. The employer makes contributions each month based on a percentage of the employee's gross salary and membership class. The contribution percentage is the same whether participating in the Pension Plan or

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE J - COMMITMENTS AND CONTINGENCIES - Continued

Investment Plan. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the funds are portable upon termination if the participant is vested. Members in the investment plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

For DROP participants, the deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation. Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

Contributions - Chapter 121 requires the employer to pay all contributions (employee noncontributory) based upon state-wide rates established by the State of Florida. Employees contribute 3% of their salary. During 2015, the County contributed an average of 7.34% of each qualified regular employee's gross salary, 43% percent of the elected officials' salary, 20.38% of each special risk employee's salary, and 12.43% for each DROP participant. The County's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contribution requirements for the year. The County's contributions to the Investment Plan were equal to the legislatively mandated contribution rates, which are equal to a percentage of the members' gross monthly salary based on membership class. Contributions to the Investment plan totaled \$501,568, \$383,609 and \$266,161 for the years ended September 30, 2015, 2014, and 2013, respectively. Contributions to the Pension plan totaled \$4,641,074, \$4,042,235 and \$3,181,343 for the years ended September 30, 2015, 2014, and 2013, respectively.

Financial Report of the Plan - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

2. Litigation

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the County.

3. Federal and State Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE K – PENSION AND HEALTH INSURANCE SUBSIDY

1. Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At September 30, 2015, the County reported a liability of \$22,862,320 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's 2014-15 fiscal year contributions relative to the 2013-14 fiscal year contributions of all participating members. At September 30, 2015, the County's proportion was 0.18%, which was an increase of 4.08% from its proportion measured as of June 30, 2014.

For the fiscal year ended September 30, 2015, the County recognized pension expense of \$1,543,288 related to the Plan. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,413,584	\$ 542,228
Change of assumptions	1,517,448	-
Net difference between projected and actual earnings on pension plan investments	-	5,459,138
Changes in proportion and differences between County contributions and proportionate share of contributions	1,986,507	2,207,166
County contributions subsequent to the measurement date	1,100,640	
Total	<u>\$ 7,018,179</u>	<u>\$ 8,208,532</u>

The deferred outflows of resources related to pensions, totaling \$1,100,640, resulting from County contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Amount
2016	\$ (1,899,822)
2017	(1,899,822)
2018	(1,899,822)
2019	2,604,138
2020	616,221
Thereafter	188,114
	<u>\$ (2,290,993)</u>

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE K – PENSION AND HEALTH INSURANCE SUBSIDY - Continued

Actuarial Assumptions - The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	7.65%, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2008 – June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation*	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	3.2%	3.1%	1.7%
Fixed income	18%	4.8%	4.7%	4.7%
Global equity	53%	8.5%	7.2%	17.7%
Real estate (property)	10%	6.8%	6.2%	12.0%
Private equity	6%	11.9%	8.2%	30.0%
Strategic investments	12%	6.7%	6.1%	11.4%
Total	100%			
Assumed inflation - mean		2.6%		1.9%

* As outlined in the Plan's investment policy

Discount Rate – The discount rate used to measure the total pension liability was 7.65%. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE K – PENSION AND HEALTH INSURANCE SUBSIDY - Continued

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.65%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.65%) or 1-percentage point higher (8.65%) than the current rate:

	1% Decrease (6.65%)	Current Discount Rate (7.65%)	1% Increase (8.65%)
County's proportionate share of the net pension liability	\$ 59,241,434	\$ 22,862,320	\$ (7,411,084)

Pension Plan Fiduciary Net Position – Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan – At September 30, 2015, the County reported no payables for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2015.

2. Health Insurance Subsidy Pension Plan

Plan Description. The Health Insurance Subsidy Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2015, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2015, the contribution rate was 1.26% of payroll pursuant to section 112.363, Florida Statutes. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE K – PENSION AND HEALTH INSURANCE SUBSIDY - Continued

The County's contributions to the HIS Plan totaled \$658,527 for the fiscal year ended September 30, 2015.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2015, the County reported a net pension liability of \$13,272,657 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the County's proportionate share of benefit payments expected to be paid within one year, net of the County's proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The County's proportionate share of the net pension liability was based on the County's 2013-14 fiscal year contributions relative to the total 2013-14 fiscal year contributions of all participating members. At September 30, 2015, the County's proportion was 0.13%, which was an increase of 3.10% from its proportion measured as of June 30, 2014.

For the fiscal year ended September 30, 2015, the County recognized pension expense of \$1,035,332 related to the HIS Plan. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Change of assumptions	\$ 1,044,212	\$ -
Net difference between projected and actual earnings on HIS pension plan investments	7,216	-
Changes in proportion and differences between County contributions and proportionate share of contributions	372,773	81,852
County contributions subsequent to the measurement date	158,617	-
Total	<u>\$ 1,582,818</u>	<u>\$ 81,852</u>

NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE M - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1986 the County established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Boats
- Employee Fidelity
- Buildings and Contents, \$5,000 deductible
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings, contents and Sheriff's general, automobile and professional liability. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Board of County Commissioners and other County elected officials participate in the program and make payments to the Self Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$2,271,588 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Liabilities for incurred losses to be settled by fixed or reasonably determined payments over a long period of time are reported at their present value using an expected future investment yield assumption of 3.9 - 7 percent. These liabilities are reported at their present value of \$825,976 at September 30, 2015.

Changes in the Fund's claims liability amount in fiscal years 2014 and 2015 were as follows:

	Beginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2013 - 2014	\$ 2,231,939	\$ 1,610,755	\$ 1,574,748	\$ 2,267,946
2014 - 2015	\$ 2,267,946	\$ 1,768,614	\$ 1,764,972	\$ 2,271,588

September 30, 2015

NOTE M - RISK MANAGEMENT - Continued

The following table presents a summary of the claims payable liability at year end:

Current claims payable	\$ 1,445,612
Current claims-structured settlements	80,627
Total claims payable, current	<u>1,526,239</u>
Long-term claims-structured settlements	745,349
Total claims payable	<u>\$ 2,271,588</u>

The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage, excluding the Sheriff. The County pays an annual premium as a participant of the pooled liability program. During 1994, the first year of participation, the County paid an extraordinary loss fund payment of \$249,886. The liability coverage is not designed to be assessable; however, should the pool fail to meet its obligations, the County may be required to contribute additional funds or cover its own obligations. No accrual for future assessments has been recorded in the financial statements as such assessments do not appear probable based on past experience of the pool, and experience of the pool subsequent to the County's fiscal year end through the date of these financial statements. In the event the County elected to terminate its participation in the pool, the extraordinary loss fund payment would be refunded to the County, given adequate funding of the pool.

NOTE N – POST EMPLOYMENT HEALTH CARE BENEFITS

The County implemented, in 2009, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment health care benefits provided by the County.

Plan Description – Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the County and eligible dependents, may continue to participate in the County's purchased health and hospitalization insurance coverage (the Plan)) at the same group rate as for active employees and participating retirees are required to reimburse the County 100% of the health insurance premium a month in advance.. The Plan is a single-employer plan. The County subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The County also provides an insurance subsidy for employees with at least 10 years (8 years elected) creditable service. The subsidy pays \$3 per year of service limited to the individual's premium payment up to a maximum of \$90 per year. No stand-alone financial report is issued.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS

NOTE N – POST EMPLOYMENT HEALTH CARE BENEFITS – Continued

Funding Policy – The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For the 2015 fiscal year, 234 retirees and eligible dependents received postemployment health care benefits. The County provided required contributions of \$270,670 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees insurance net of retiree contributions totaling \$347,369. Required contributions are based on projected pay-as-you-go financing which differ from the Annual Required Contribution.

Annual OPEB Cost and Net OPEB Obligation – The following table shows the County’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation:

Description	Health Insurance
Normal Cost (Service cost for one year)	\$ 447,000
Amortization of Unfunded Actuarial Accrued Liability	515,000
Annual Required Contribution	962,000
Amortization of Net OPEB Obligation	(413,000)
Interest on Net OPEB Obligation	232,000
Annual OPEB Cost (expense)	781,000
Contribution Towards the OPEB Cost	(270,670)
Increase in Net OPEB Obligation	510,330
Net OPEB Obligation, Beginning of Year	6,626,808
Net OPEB Obligation, End of Year	\$ 7,137,138

The County’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of September 30, 2015, was as follows:

Fiscal Year	Annual OPEB Cost	Percentage Of Annual OPEB Cost Contributed	Net OPEB Obligation
2012-2013	\$ 991,000	27%	\$ 5,878,137
2013-2014	\$ 1,040,000	28%	\$ 6,626,808
2014-2015	\$ 781,000	35%	\$ 7,137,138

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE N – POST EMPLOYMENT HEALTH CARE BENEFITS – Continued

Funded Status and Funding Progress – As of September 30, 2015, the date of the actuarial valuation, the actuarial accrued liability was \$8,276,000 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$8,276,000. Amortization of the accrued liability for the year ended September 30, 2015 was \$515,000. The annual covered payroll (annual payroll of active participating employees) was \$49,439,596 for the 2014-2015 fiscal year. The ratio of the unfunded actuarial liability to annual covered payroll is 17%.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The County's OPEB actuarial valuation as of September 30, 2015, used the projected unit credit actuarial cost method to estimate both the unfunded actuarial liability as of September 30, 2015 and to estimate the County's 2014-2015 fiscal year annual required contribution. This method was selected because it produced the best estimate of the OPEB liability and annual cost. Because the OPEB liability is currently unfunded, the actuarial assumptions include a 3.5% rate of return on invested assets assuming the benefits will continue to be funded on a pay-as-you-go basis and that the County's investments will earn 3.5% over the long term. The actuarial assumptions also include an annual healthcare cost trend rate of 8.5% initially for the 09-10 fiscal year, decreasing gradually per year to an ultimate rate of 4.3% in 2070. The inflation rate assumption is 2.4%. The unfunded actuarial accrued liability is being amortized using the level dollar method. The remaining, closed, amortization period at September 30, 2015 is 25 years.

The required schedule of funding progress, immediately following the notes, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Santa Rosa County, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE O – COMMITMENT

In 2015, the County entered into an agreement for the purchase and installation of equipment for a new 911 system with a total contract price of \$7,279,240. The terms of the agreement required a \$1,000,000 payment upon installation and an additional \$1,000,000 payment upon system acceptance. The remaining \$5,279,240 will be financed over 7 years at an interest rate of 1.786%, requiring annual payments of \$809,011. During the year ended September 30, 2015, \$500,000 was paid toward the initial payment. The installation of the system was completed subsequent to year end and the first payment on the financing will begin in fiscal year 2016.

NOTE P – RESTATEMENTS

The October 1, 2014 net positions of the County's Governmental Activities and Business-type Activities have been adjusted downward by \$37,082,794 and \$1,043,861, respectively, to provide for the beginning balances of net pension liability and related deferred outflows and deferred inflows recorded in accordance with GASB Statements No. 68 and 71.

Santa Rosa County, Florida
NOTES TO REQUIRED SUPPLEMENTAL INFORMATION
September 30, 2015

BUDGETARY INFORMATION

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Honorable Board of County Commissioners
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Rosa County, Florida, (the "County") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 26, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Board of County Commissioners
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements ("financial statements") of Santa Rosa County, Florida, (hereinafter referred to as "County"), as of and for the year ended September 30, 2015, and have issued our report thereon dated May 26, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have also issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Auditors' Report on Compliance for Each Major Federal Program and State Project and on Internal Control Over Compliance required by OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated May 26, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial report.

Financial Condition

Sections 10.554(1)(i)5.a. and Sections 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Sections 10.554(1)(i)5.b. and 10.556(7), *Rules of the Auditor General*, require that we report the results of our determination as to whether the annual financial report for the County for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d, *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of the County provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the County in accordance with Section 218.39(3)(b), Florida Statutes. The County's financial statements do not include any special district component units.

Other Matters

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Board of County Commissioners, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Honorable Board of County Commissioners
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida (hereinafter referred to as "Board"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Board, as of September 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, the financial statements referred to above have been prepared for the purpose of complying with the Rules of the Auditor General, State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Santa Rosa County, Florida that is attributable to the Board. They do not purport to, and do not, present fairly the financial position of Santa Rosa County, Florida as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules on pages 44 through 46, and the schedules of funding progress and employer contributions for other post-employment benefits on page 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The schedule of receipts and expenditures of funds related to the Deepwater Horizon Oil Spill is presented for purposes of additional analysis as required by the *Rules of the Auditor General*, State of Florida, and is not a required part of the basic financial statements. The schedule of receipts and expenditures of funds related to the Deepwater Horizon Oil Spill is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of receipts and expenditures of funds related to the Deepwater Horizon Oil Spill is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2016, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied consistently in the preparation of the financial statements follows:

1. Reporting Entity

The Governmental Accounting Standards Board (GASB) established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations. As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Board of County Commissioners of Santa Rosa County, Florida (the Board) is the principal legislative and governing body of Santa Rosa County (the County), as provided by the Florida Constitution, Article 8, Section 1(e), and Chapter 125, Florida Statutes. The Board consists of five Commissioners elected by the voters of the County for terms of four years each.

The Board is considered part of the County's primary government for purposes of GASB. These special purpose financial statements of the Board are issued separately to comply with Section 10.557(3), Rules of the Auditor General for Local Governmental Entity Audits, pursuant to Section 11.45(8), Florida Statutes and do not include the Clerk of Courts, Sheriff, Tax Collector, Property Appraiser or Supervisor of Elections (collectively known as County officers), or other independent authorities and boards. The Board's financial statements do not purport to reflect the financial position or the results of operations of the County taken as a whole.

Dependent Special Districts

Blackwater Soil & Water Conservation District - The Blackwater Soil & Water Conservation District (Blackwater) was created by the Florida Legislature in 1942 pursuant to Florida Statute Section 582. Santa Rosa County was established as the local governing authority and is Blackwater's only source of funding. Blackwater does not meet the criteria as a legally separate entity in that it cannot buy, sell, own, lease and mortgage property in its own name. The activities of Blackwater are included in these financial statements as a department of the Board within the General Fund.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Pace Property Finance Authority - The Pace Property Finance Authority (Authority) was created in 1990 by County Resolution No. 90-12 pursuant to Chapter 617 of the Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. However, the Authority meets the criteria for inclusion in more than one reporting entity - Pace Water System as well as the Board. In these cases, judgment must be exercised by management of the reporting entities as to which reporting entity the organization should be included. The Authority has the same elected governing body as the Pace Water System. Additionally, both the Authority and Pace Water System own portions of a single water/sewer system; thus, their capital assets are part of an interconnected system. Finally, the Authority's debt was issued solely to finance the Pace water/sewer system improvements. Based on these facts, management has decided to include the Authority in the combined financial statements of Pace Water System rather than as a component unit of the Board.

Santa Rosa County Health Facilities Authority - The Santa Rosa County Health Facilities Authority (Authority) was created in 1982 by County Ordinance No. 82-02 pursuant to Section 154, Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. The Board appoints the five (5) members of the Authority. Additionally, the Board may abolish the Authority at any time by ordinance or resolution as long as all bonded indebtedness incurred by the Authority has been paid. The Authority exists solely to assist health facilities within the County with the acquisition, construction, financing, and refinancing of projects through issuance of conduit debt. All bonds issued by the Authority were subsequently defeased through issuance of new debt culminating with the issuance of \$58 million in new bonds in 2003. The debt outstanding is a limited obligation of the Authority and not a general obligation of the Authority or the Board. The Authority is not obligated to pay the principal and interest on the bonds except from the revenues of the Authority pursuant to its loan agreement with Gulf Breeze Hospital. The Authority has no financial activity and the bonds issued under the Authority's name are recorded in the books of the hospital.

Santa Rosa County Housing Finance Authority - The Santa Rosa County Housing Finance Authority (Authority) was created in 1984 by County Resolution No. 84-18 pursuant to Chapter 78-89, Laws of Florida codified as Chapter 159, Part IV, Section 159.601 through 159.623. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. The Board, through various resolutions and interlocal agreements with the Escambia County Housing Finance Authority (ECHFA), has authorized ECHFA to allow qualified residents of the County to apply for and obtain preferential mortgages from proceeds generated by bonds issued by ECHFA. Accordingly, there is no financial activity related to the Authority to be reflected in these financial statements.

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

2. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The Board groups its funds into two broad fund categories as either governmental or proprietary in nature. Governmental funds include the general, special revenue, debt service, permanent and capital projects funds. Proprietary funds include enterprise funds and an internal service fund.

3. Basis of Accounting

FUND FINANCIAL STATEMENTS

The Fund financial statements, as presented herein, focus primarily on the major funds of the governmental and proprietary categories. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the Board’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- Road and Bridge Fund – Accounts for that portion of state fuel taxes and fees designated for road improvement projects.
- Disaster Fund – Accounts for revenues and expenditures related to significant events such as hurricanes.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period – except for certain grant revenues which are recognized as revenues in the same period the grant expenditures occurred). This includes investment earnings, property taxes, special assessments, and fines and forfeitures. Certain state-levied locally shared taxes including motor vehicle license tax and fuel taxes are subject to income recognition when the underlying transaction occurs. Reimbursements due for grant funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on governmental long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

PROPRIETARY FUNDS

All proprietary funds use the accrual basis of accounting and the economic resources measurement focus. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year end.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the Board's enterprise funds and internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services,

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Net positions should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net positions then from unrestricted net positions.

The major proprietary funds are:

- Navarre Beach Fund – Accounts for the operation and maintenance of the water and sewer system of Navarre Beach.
- Landfill Fund – Accounts for the operation of the solid waste disposal facilities of the county.
- Peter Prince Field Fund – Accounts for the operations of the Peter Prince airport.

The Board's only internal service fund is the Self Insurance Fund. This fund accounts for the risk management activities of the Board and the other elected officials. Costs are billed to the departments and other elected officials at the actual and estimated costs of providing insurance coverage.

4. Budgets and Budgetary Accounting

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the Board's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

5. Cash and Cash Equivalents

For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

6. Investments

Investments in U.S. Treasury bills, government backed securities and the Florida Local Government Investment Trust Fund are recorded at fair value. As permitted by GASB Statement No. 31 short term money market investments are reported at amortized cost rather than fair value.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

7. Inventory

Inventory consists of gas, oil, automotive parts, road signs, culverts, and various other items used by the road department and insecticides used by mosquito control operations. Inventory is valued at cost (first in, first out). The cost is recorded as an expenditure at the time the inventory is purchased. Reported inventories are equally offset by a nonspendable fund balance since such amounts will not convert to cash even though they are a component of net current assets.

8. Accounting for Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Constructed or purchased capital assets are recorded at historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated. The minimum capitalization threshold is any individual item with a total cost greater than \$1,000 and a useful life of one year or more.

Capital assets in governmental funds, including infrastructure such as streets, drainage systems, culverts, traffic signals, and signs are recorded as expenditures in the governmental funds.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized.

Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	20 - 50 years
Water Distribution System	20 years
Improvements	10 - 20 years
Equipment	3 - 10 years
Infrastructure	40 years
Intangibles	3 - 5 years

The Board does not capitalize interest expense on borrowings used to finance construction of capital assets, as the capitalizable interest, after netting of interest earnings, is normally insignificant.

9. Compensated Absences

Employees may accumulate a limited amount of earned but unused sick leave, annual leave, and compensatory time, which will be paid upon separation from service. For the governmental fund statements, expenditures are not recognized until payments are made to employees.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Proprietary fund types accrue benefits in the period they are earned. The majority of the compensated absences liability has been paid out of the General (75%) and the Road and Bridge (25%) funds.

10. Property Taxes

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. Florida Statutes require that all property be assessed at 100 percent of just value.

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4, 3, 2 and 1 percent are allowed for early payment in November through February, respectively. The Tax Collector advertises as required by statute and sells tax certificates for unpaid taxes on real property. Certificates not sold are considered "County Held Certificates." Persons owning land upon which a tax certificate has been sold may redeem the land by paying the face amount of the tax certificate, plus interest and other costs.

Property taxes levied on property valuations as of January 1, 2015 and expected to be collected during the period November 2015 through March 2016 are as follows:

General Fund	\$ 48,889,600
--------------	---------------

These taxes, although measurable, are not recognized as revenue at September 30, 2015, since they are not considered to be collectible within the current period or soon enough thereafter to be used to pay current period liabilities.

11. Landfill Closure Costs

Under the terms of current state and federal regulations, the Board is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The Board recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

12. Allowance for Uncollectible Amounts

Accounts receivable for the Board are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon past collection history.

13. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the Board to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the Board can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the Board for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board or a County official delegated that authority by Board resolution or ordinance.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The Board applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE B - CASH AND INVESTMENTS

At September 30, 2015, the bank held deposits of \$73,501,286 (before outstanding checks and deposits in transit) consisting of amounts held in checking, savings, money market or time deposit accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida.

The Board's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Pursuant to Florida Statutes Section 218.415, the Board adopted an investment policy which outlines the Board's investment responsibilities, objectives, and policies. The Board's investment policy authorizes the Board to invest in the following:

- a. The Local Government Surplus Funds Trust Fund (SBA) (Maximum of 75%)*;
- b. Florida Local Government Investment Trust (FLGIT) (State Investment Trust) (100% allowed)*;
- c. Qualified money market mutual funds (Maximum of 50%)*;
- d. U.S. Treasury bills, notes and bonds (100% allowed);
- e. Obligations guaranteed by the U.S. Government as to principal and interest such as obligations of the Government National Mortgage Association (GNMA) (Maximum of 5%)*;
- f. Non-callable Government Agency securities (Maximum of 25%)*:
 - (i) Federal Farm Credit Bank (FFCB),
 - (ii) Federal Home Loan Mortgage Corporation (FHLMC),
 - (iii) Federal Home Loan Bank (FHLB),
 - (iv) Federal National Mortgage Association (FNMA).This classification of government agency securities does not include any mortgage debt of any government agency;
- g. Time deposits and savings accounts in banks or savings and loan associations doing business in Florida (Maximum of 50%)*;
- h. Repurchase agreements for investments authorized in categories d, e, or f above. (Maximum of 40%)*

*To limit the County's concentration of credit risk these are the maximum percentages of the County's total portfolio that can be in each type of investment.

Interest rate risk is limited by no security having a maturity exceeding 2 years. The weighted average to maturity for the portfolio shall be less than 365 days. Investments placed with the FLGIT, which typically invests in instruments with maturities of less than 5 years, are exempt from this limitation.

The FLGIT, also known as Florida Trust, is a local government investment pool created by the Florida Association of Court Clerks and Comptroller, and the Florida Association of Counties for the purpose of providing public entities with an investment program by providing investment vehicles for funds that can be invested in short- to intermediate-term securities and have returns generally greater than the national average for money market instruments. The Florida Trust offers two open-ended, professionally managed funds available only to public entities in Florida.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE B - CASH AND INVESTMENTS - Continued

The Investment Trust:

A short term bond fund with an investment portfolio structured to maintain safety of principal and maximize available yield through a balance of quality and diversification. As of September 30, 2015 the Investment Trust managed \$949.53 million and had a price per share of \$24.30. This short term bond fund invests in U.S. Treasuries and Agency Securities, Mortgages, Commercial Paper, Asset-Backed Securities, and "A" rated Corporate Securities.

The Day to Day Fund:

The Florida Trust Day to Day Fund is a money market product created in response to demand to provide a fiscally conservative diversification option for Florida local governments. Fund features include same day transactions and online account management. The fund is AAAM-rated by Standard and Poor's and is governed by the same board and advisory committee that oversees the Investment Trust.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE B - CASH AND INVESTMENTS - Continued

Restricted cash and investments typically consist of funds set aside for the payment of debt or to ensure assets producing pledged revenues are repaired and replaced as needed. These assets are restricted since their use is limited by the applicable bond indentures. Other restricted assets consist of funds restricted to the payment of future landfill closure costs.

Restricted investments by category and by fund are as follows:

	Landfill
	Fund
Landfill escrow	<u>\$ 5,226,306</u>

NOTE C – DUE FROM OTHER GOVERNMENTAL UNITS

At September 30, 2015, amounts due from other governmental units were as follows:

Federal Government - Grants	\$ 975
State of Florida - Grants	1,184,843
State of Florida - Taxes	1,856,826
Local taxes	773,671
Other Elected Officials	1,649,688
Other	<u>85,701</u>
Total	<u>\$ 5,551,704</u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE D – INTERFUND TRANSACTIONS

Interfund transactions for the year ended September 30, 2015 were as follows:

	Interfund Receivable	Interfund Payable	Interfund Transfers in	Interfund Transfers out
General fund	\$ 1,596,700	\$ 992,000	\$ 3,553,293	\$ 2,024,698
Road & Bridge fund	47,260	-	4,902,237	63,964
Disaster fund	992,000	1,000,000	992,000	-
Nonmajor Governmental funds	-	643,960	2,976,007	10,976,941
Navarre Beach fund	-	-	142,066	-
Self Insurance fund	-	-	500,000	-
Total	<u>\$ 2,635,960</u>	<u>\$ 2,635,960</u>	<u>\$ 13,065,603</u>	<u>\$ 13,065,603</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move unrestricted revenues collected in the general fund to finance various programs in accordance with budgetary authorizations.

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

Net health insurance liability	448,233	52,647	-	500,880	-
Total	<u>\$ 13,987,414</u>	<u>\$ 1,504,273</u>	<u>\$ 948,476</u>	<u>\$ 14,543,211</u>	<u>\$ 1,013,024</u>

Deferred charges on refunding of bonds totaling \$18,329 are reported as deferred outflow of resources in the proprietary funds.

Special assessment notes are fully secured by annual assessments made against property owners of the specific area that benefited from the proceeds of the notes. The County has no legal obligation to levy ad valorem taxes or cover the notes in case of default by the property owners. The County does, however, maintain a moral commitment to cover the debt payments until such time as the property owners can make the payments.

5. Defeased Debt Outstanding

In prior years the Board defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the Board's financial statements. At September 30, 2015, \$650,000 of bonds are considered defeased.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G - CONDUIT DEBT OBLIGATIONS

The County has issued certain limited-obligation debt instruments, including: 1) industrial development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest; and 2) certain municipal service benefit unit revenue notes to finance the acquisition, construction, reconstruction and equipping of capital improvements within the municipal service benefit unit. The debt instruments are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither the Board, the State nor any political subdivision thereof is obligated in any manner for repayment of the debt instruments. Accordingly, the debt instruments are not reported as liabilities in the accompanying financial statements.

Debt issues related to conduit financings outstanding at September 30, 2015 are as follows:

	<u>Date Issued</u>	<u>Final Maturity</u>	<u>Amount Issued</u>	<u>Outstanding 9/30/2015</u>
Baptist Hospital, 2003	8/21/2003	10/1/2021	\$ 57,905,000	\$ 57,905,000

Total			<u>\$ 63,519,000</u>	<u>\$ 60,398,402</u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE H - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require the Board to place a final cover on its landfill sites when the landfill stops accepting waste and to perform certain maintenance and monitoring functions at sites for thirty years after closure. Although closure and postclosure care costs are paid only near or after the date that a landfill stops accepting waste, the Board reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$9.5 million reported as landfill closure and postclosure care liability (current and noncurrent) at September 30, 2015, represents the cumulative amount reported to date based on the following percentage usage of the estimated capacity of each of the Board's landfills:

Central Class I Landfill	90%
Central Class III Landfill (New)	39%
Central Class III Landfill (Old)	Closed 10/98

The estimated cost of postclosure care for the Central Class III and Holley landfills has been recognized in prior years with any changes in estimates being recorded in the current year. The Board will recognize the remaining estimated cost of closure and postclosure care for the Central Class I and Class III landfills in the amount of \$4.8 million as its remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2015. The estimated remaining lives of the Central Class I and Class III landfills are 15 and 30 years, respectively. Cost of closure and life estimates are based on the areas currently in use, and not on potential areas of expansion. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Board is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. At September 30, 2015, the Board held investments of \$5,226,306 to cover the escrow requirement of \$5,226,306. These investments are reported as restricted assets in these financial statements. The Board expects that future inflation costs will be paid from interest earnings on these restricted investments and from charges to future landfill users or future tax revenue.

NOTE I - COMMITMENTS AND CONTINGENCIES

1. Retirement Plan

Participation - Employees of the Board participate in the Florida Retirement System, a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE I - COMMITMENTS AND CONTINGENCIES - Continued

Benefit Provisions – The Florida retirement system offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011, are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Normal retirement benefits are available to employees who retire at age 62 or 65 (depending on hire date) with 6 or 8 (depending on hire date) or more years of service, or to those employees who have at least 30 or 33 (depending on hire date) years of creditable service, regardless of age. Retirement age and years of service requirements may vary depending on membership class. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years-of-service credit where average compensation is computed as the average of an individual's five (if enrolled prior to July 1, 2011) or eight (if enrolled on or after July 1, 2011) highest years of earnings.

The FRS Investment Plan is a defined contribution plan in which participants are vested after one year of service. The employer makes contributions each month based on a percentage of the employee's gross salary and membership class. The contribution percentage is the same whether participating in the Pension Plan or Investment Plan. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the funds are portable upon termination if the participant is vested. Members in the investment plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

For DROP participants, the deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation. Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

Contributions - Chapter 121 requires the employer to pay contributions based upon state-wide rates established by the State of Florida. Employees contribute 3% of their salary. During 2015, the Board contributed an average of 7.34% of each qualified regular employee's gross salary, 42.27% percent of the elected official's salary and 12.43% for each DROP participant. The Board's contributions to the pension plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contribution requirements for the year. The Board's contributions to the Investment Plan were equal to the legislatively mandated contribution rates, which are equal to a percentage of the members' gross monthly salary based on membership class. Contributions to the Investment plan totaled \$239,269, \$153,341 and \$84,557 for the years ended September 30, 2015, 2014, and 2013, respectively. Contributions to the Pension plan totaled \$1,256,567, \$1,212,284 and \$838,980 for the years ended September 30, 2015, 2014, and 2013, respectively.

Financial Report of the Plan - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE I - COMMITMENTS AND CONTINGENCIES - Continued

2. Litigation

The Board is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Board's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Board.

3. Federal and State Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

NOTE J – NET PENSION LIABILITY – PROPORTIONATE SHARE

During the year ended September 30, 2015, the Board implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Under GASB 68, the Board has a net pension liability that is only applicable in the government wide financial statements and in the proprietary fund financial statements.

These optional separately issued financial statements of the Board are not required to present government wide financial statements. The net pension liabilities allocable to the proprietary funds are appropriately recorded in these financial statements. The overall county-wide net pension liability and required disclosures and schedules may be found in the separately issued county-wide financial statements.

NOTE K - RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1986 the Board established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the Board is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE K - RISK MANAGEMENT - Continued

The Board is covered by outside insurance for the following exposures:

Boats
Employee Fidelity
Buildings and Contents, \$5,000 deductible
General Liability, \$25,000 deductible
Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings, contents and Sheriff's general, automobile and professional liability. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Board of County Commissioners and other County elected officials participate in the program and make payments to the Self Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$2,252,112 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities for incurred losses to be settled by fixed or reasonably determined payments over a long period of time are reported at their present value using an expected future investment yield assumption of 3.9 - 7 percent. These liabilities are reported at their present value of \$825,976 at September 30, 2015.

Changes in the Fund's claims liability amount in fiscal years 2014 and 2015 were as follows:

	Beginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2013 - 2014	\$ 2,231,939	\$ 1,610,755	\$ 1,574,748	\$ 2,267,946
2014 - 2015	\$ 2,267,946	\$ 1,768,614	\$ 1,764,972	\$ 2,271,588

The following table presents a summary of the claims payable liability at year end:

Current claims payable	\$ 1,445,612
Current claims-structured settlements	80,627
Total claims payable, current	1,526,239
Long-term claims-structured settlements	745,349
Total claims payable	<u>\$ 2,271,588</u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE K - RISK MANAGEMENT - Continued

The Board is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage, excluding the Sheriff. The Board pays an annual premium as a participant of the pooled liability program. During 1994, the first year of participation, the Board paid an extraordinary loss fund payment of \$249,886. The liability coverage is not designed to be assessable; however, should the pool fail to meet its obligations, the Board may be required to contribute additional funds or cover its own obligations. No accrual for future assessments has been recorded in the balance sheet as such assessments do not appear probable based on past experience of the pool, and experience of the pool subsequent to the Board's fiscal year end through the date of these financial statements. In the event the Board elected to terminate its participation in the pool, the extraordinary loss fund payment would be refunded to the Board, given adequate funding of the pool.

NOTE L - FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented on the following page.

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS

The County implemented, in 2009, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment health care benefits provided by the County.

Plan Description – Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the County and eligible dependents, may continue to participate in the County’s purchased health and hospitalization insurance coverage (the Plan) at the same group rate as for active employees and participating retirees are required to reimburse the Board 100% of the health insurance premium a month in advance. The Plan is a single-employer plan. The County subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The County also provides an insurance subsidy for employees with at least 10 years (8 years elected) creditable service. The subsidy pays \$3 per year of service limited to the individual’s premium payment up to a maximum of \$90 per year. No stand-alone financial report is issued.

Funding Policy – The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For the 2015 fiscal year, 234 retirees and eligible dependents received postemployment health care benefits. The County provided required contributions of \$170,670 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees insurance net of retiree contributions totaling \$347,369. Required contributions are based on projected pay-as-you-go financing which differ from the Annual Required Contribution.

Annual OPEB Cost and Net OPEB Obligation – The following table shows the County’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation:

Description	Health Insurance
Normal Cost (Service cost for one year)	\$ 447,000
Amortization of Unfunded Actuarial Accrued Liability	515,000
Annual Required Contribution	962,000
Amortization of Net OPEB Obligation	(413,000)
Interest on Net OPEB Obligation	232,000
Annual OPEB Cost (expense)	781,000
Contribution Towards the OPEB Cost	(270,670)
Increase in Net OPEB Obligation	510,330
Net OPEB Obligation, Beginning of Year	6,626,808
Net OPEB Obligation, End of Year	\$ 7,137,138

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of September 30, 2015, was as follows:

Fiscal Year	Annual OPEB Cost	Percentage Of Annual OPEB Cost Contributed	Net OPEB Obligation
2012-2013	\$ 991,000	27%	\$ 5,878,137
2013-2014	\$ 1,040,000	28%	\$ 6,626,808
2014-2015	\$ 781,000	35%	\$ 7,137,138

Funded Status and Funding Progress – As of September 30, 2015, the date of the actuarial valuation, the actuarial accrued liability was \$8,276,000 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$8,276,000. Amortization of the accrued liability for the year ended September 30, 2015 was \$515,000. The annual covered payroll (annual payroll of active participating employees) was \$49,439,596 for the 2014-2015 fiscal year. The ratio of the unfunded actuarial liability to annual covered payroll is 17%.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued

The County's OPEB actuarial valuation as of September 30, 2015, used the projected unit credit actuarial cost method to estimate both the unfunded actuarial liability as of September 30, 2015 and to estimate the County's 2014-2015 fiscal year annual required contribution. This method was selected because it produced the best estimate of the OPEB liability and annual cost. Because the OPEB liability is currently unfunded, the actuarial assumptions include a 3.5% rate of return on invested assets assuming the benefits will continue to be funded on a pay-as-you-go basis and that the County's investments will earn 3.5% over the long term. The actuarial assumptions also include an annual healthcare cost trend rate of 8.5% initially for the 09-10 fiscal year, decreasing gradually per year to an ultimate rate of 4.3% in 2070. The inflation rate assumption is 2.4%. The unfunded actuarial accrued liability is being amortized using the level dollar method. The remaining, closed, amortization period at September 30, 2015 is 24 years.

The required schedule of funding progress, immediately following the notes, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE M – COMMITMENT

In 2015, the Board entered into an agreement for the purchase and installation of equipment for a new 911 system with a total contract price of \$7,279,240. The terms of the agreement required a \$1,000,000 payment upon installation and an additional \$1,000,000 payment upon system acceptance. The remaining \$5,279,240 will be financed over 7 years at an interest rate of 1.786%, requiring annual payments of \$809,011. During the year ended September 30, 2015, \$500,000 was paid toward the initial payment. The installation of the system was completed subsequent to year end and the first payment on the financing will begin in fiscal year 2016.

NOTES TO REQUIRED SUPPLEMENTAL INFORMATION

September 30, 2015

BUDGETARY INFORMATION

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Board of County Commissioners
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida, (hereinafter referred to as "Board"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's financial statements, and have issued our report thereon dated May 26, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Warren Averett, LLC

COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Board of County Commissioners
Santa Rosa County, Florida

We have examined the Board of County Commissioners of Santa Rosa County, Florida's, (hereinafter referred to as "Board"), compliance with Florida Statute 218.415 in regards to investments, Florida Statutes 365.172 and 365.173 in regards to use of E-911 revenues and expenditures, and Florida Statute 288.8018 in regards to the Deepwater Horizon Oil Spill receipts and expenditures for the year ended September 30, 2015.

Management is responsible for the Board's compliance with those requirements. Our responsibility is to express an opinion on the Board's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Board's compliance with specified requirements.

In our opinion, the Board complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Board of County Commissioners
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements ("financial statements") of each major fund and the aggregate remaining fund information of the Santa Rosa County, Florida, Board of County Commissioners, (hereinafter referred to as "Board", as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated May 26, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have also issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Examination of Compliance Requirements Performed in Accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated May 26, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, and the Santa Rosa County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

Board of County Commissioners
Santa Rosa County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Santa Rosa County, Florida (hereinafter referred to as "County"), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement*, that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2015. The County's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs and state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*. Those standards, OMB Circular A-133, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2015.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the Florida Department of Financial Services *State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards and State Financial Assistance
Required by OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General**

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida (hereinafter referred to as "Board"), as of and for the year ended September 30, 2015, and the notes to the financial statements, which collectively comprise the Board's basic financial statements. We issued our report thereon dated May 26, 2016, which contained unmodified opinions on the financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

Honorable Wendell Hall, Sheriff
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Santa Rosa County, Florida ("Sheriff") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Sheriff, as of September 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above have been prepared for the purpose of complying with the Rules of the Auditor General, State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Santa Rosa County, Florida that is attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Santa Rosa County, Florida as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements. The accompanying combining fund financial statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of these financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows:

Reporting Entity

The Office of the Sheriff of Santa Rosa County, Florida (the "Sheriff"), as established by Article VIII of the Constitution of the State of Florida, is an elected official of Santa Rosa County, Florida (the "County"). Although the Sheriff is operationally autonomous from the Santa Rosa County Board of County Commissioners (the "Board"), the Sheriff does not hold sufficient corporate powers to be considered a legally separate entity for financial reporting purposes. Therefore, the Sheriff is considered part of the County's primary government.

These financial statements are not intended to be a complete presentation of the financial position and results of operations of the County taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the financial statements consist of only the *fund level* financial statements as defined in Governmental Accounting Standards Board ("GASB") Statement No. 34, and do not include presentations of *government-wide* financial statements of the Sheriff.

Fund Accounting

The accounting system of the Sheriff is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The funds utilized by the Sheriff's office are as follows:

Governmental Funds

These funds utilize a modified accrual basis of accounting. The measurement focus is based upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination). The Sheriff reports the following major governmental funds:

General Fund is used to account for all financial resources which are generated from operations of the office, appropriations from the Board or any other resources not required to be accounted for in another fund.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Jail Commissary Fund accounts for jail commissary and vending machine revenues that are used to provide recreational facilities and equipment for inmates.

Non-major governmental funds of the Sheriff are as follows:

Grants Fund accounts for grant revenues and expenditures according to the terms of each grant.

Second Dollar accounts for shared fine revenues from the Board which are used for law enforcement training purposes.

Federal Seizure accounts for shared seizure revenues from the United States Department of Justice which are used for law enforcement purposes.

Fiduciary Funds

The Sheriff uses agency funds to account for assets held in a custodial capacity for others.

Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available as net current assets. The Sheriff considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recognized when the related fund liability is incurred. Agency funds use the accrual basis of accounting.

Cash and Cash Equivalents

For financial statement reporting, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Inventory

Inventory, which consists of expendable supplies held for consumption, is stated at cost using the first-in, first-out method. Inventory is recorded when consumed rather than when purchased.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Accounting for Capital Assets

Capital assets (vehicles, equipment, and other tangible and certain intangible property costing at least \$1,000 with a useful life of more than one year) are recorded as expenditures by the acquiring fund at the time of purchase. The Sheriff does not engage in the acquisition of public domain (infrastructure) assets.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at estimated fair value on the date donated.

Depreciation of vehicles and equipment is calculated using the straight-line method over estimated useful lives of 3-10 years.

Capital assets and related depreciation expense are reported as a component of the County government-wide financial statements and are not reflected in the Sheriff's governmental fund financial statements. Buildings and improvements are owned by the Board of County Commissioners.

Compensated Absences

Employees accumulate a limited amount of earned but unused sick leave, annual leave, and compensatory time, which will be paid upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the County government-wide financial statements. For the governmental fund statements, expenditures are not recognized until payments are made to employees.

Unspent Appropriations from Board

In accordance with Section 30.50 (6), Florida Statutes, excess appropriations are returned to the Board at fiscal year-end and are reported in the "due to other governmental units" liability account. Charges for services, interest income, and other miscellaneous revenues collected by the Sheriff are considered to be "agency" transactions, not available for expenditure by the Sheriff, and are remitted to the Board on a monthly basis.

Fund Balance

Fund balances are classified as either non-spendable or as restricted, committed, assigned, and unassigned, based on the extent to which there are external and internal constraints on the spending thereof.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

2. CASH

The Sheriff's deposits at year-end were held by financial institutions designated as "qualified public depositories" by the State Treasurer. All deposits were fully insured through a combination of Federal depository insurance and participation of the financial institutions in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. At September 30, 2015 the reported amount of the Sheriff's deposits was \$3,359,818 and the bank balance was \$3,480,071, consisting entirely of deposits with financial institutions in checking accounts.

3. CAPITAL ASSETS

Disclosures required by Chapter 10.557(3)(h), Rules of the Auditor General State of Florida, related to capital assets are as follows:

	Balance 10/01/14	Additions	Reductions	Balance 9/30/15
Vehicles, equipment, software and furniture	\$ 12,548,358	\$ 1,458,941	\$ (793,580)	\$ 13,213,719
Less: accumulated depreciation	(9,661,475)	(978,041)	719,559	(9,919,957)
Net Total	<u>\$ 2,886,883</u>	<u>\$ 480,900</u>	<u>\$ (74,021)</u>	<u>\$ 3,293,762</u>

Depreciation expense for the year ended September 30, 2015, was \$978,041.

4. LONG-TERM DEBT OBLIGATIONS

Disclosures required by Chapter 10.557(3)(h), Rules of the Auditor General State of Florida, related to long-term debt are as follows:

Compensated Absences	
Balance - October 1, 2014	\$ 3,896,433
Increases	1,675,511
Decreases	(1,768,396)
Balance - September 30, 2015	<u>\$ 3,803,548</u>

Compensated absences are paid from the general fund.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

5. INTERFUND BALANCES

At September 30, 2015, interfund balances consisted of the following:

<u>Fund</u>	<u>Receivable</u>	<u>Payable</u>
General Fund	\$ 68,867	\$ -
Jail Commissary	-	34,727
Non-major governmental	-	34,140
	<u>\$ 68,867</u>	<u>\$ 68,867</u>

Amounts due to the General Fund from non-major governmental funds are related to advances which will be paid back to the General Fund after reimbursement is received from grantors. Amounts due to the General Fund from the Jail Commissary Fund are for various expenditures paid by the General Fund on behalf of the Jail Commissary Fund.

6. PENSION AND RETIREMENT PLAN

Substantially all full-time employees of the Sheriff are covered by the Florida Retirement System (FRS). The FRS was established in 1970 by Chapter 121, Florida Statutes and is administered by the Florida Department of Management Services, Division of Retirement. Changes to the FRS can be made only by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The FRS issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.myfrs.com or by writing to FRS, 2639-C North Monroe Street, Tallahassee, Florida 32399.

The FRS offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011 are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a multiple employer cost sharing defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with 6 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

For employees enrolling in the plan for the first time on or after July 1, 2011, normal retirement benefits are available at age 65 with 8 or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

6. PENSION AND RETIREMENT PLAN – CONTINUED

Early retirement is available after 8 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members highest 5 (if enrolled prior to July 1, 2011) or 8 (if enrolled on or after July 1, 2011) fiscal years of earnings.

The FRS Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Employer contributions vest after 1 year of service whereas employee contributions vest immediately. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

DROP is available for members of the FRS Pension Plan who are vested and elect to participate in DROP within 1 year after reaching normal retirement age. Under this program, a member effectively retires while continuing to be employed for up to 5 years. While in DROP, the member's deferred monthly retirement benefits accumulate, earning interest and cost-of-living increases. When the DROP period is over, the participant terminates covered employment and begins receiving their predetermined monthly retirement benefit, as well as the accrued DROP benefit. Disability retirees are not eligible to participate in DROP, and DROP participants do not qualify for disability retirement.

Prior to July 2011, the plans were noncontributory for employees with all contributions being the participating FRS employer's responsibility. Effective July 1, 2011, participating employees contribute 3% of their gross salaries each pay period to the plan. Participating employer contributions are based upon state-wide rates established by the State of Florida. Average contribution rates for the fiscal year ended September 30, 2015 were as follows: regular employees - 7.34%, special risk employees – 20.38%, elected officials – 43.00%, senior management employees – 21.21%, and DROP participants - 12.43%. The Sheriff's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contributions for each year. Contributions to the Investment Plan were equal to the legislatively-mandated contribution rates. Contributions to both plans totaled \$2,946,879, \$2,657,150 and \$2,105,688 for the years ended September 30, 2015, 2014, and 2013, respectively.

Net Pension Liability – Proportionate Share

The Sheriff has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the county-wide financial statements of Santa Rosa County, Florida.

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

7. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN

The Sheriff participates in the health insurance plan offered to employees of the Board and other County Elected Officials (the Board plan). Additionally, retirees and eligible dependents have the option of continuing in the Board plan at the same group rate as for active employees. Although participating retirees are required to reimburse the Board for 100% of the premium cost, employees who retire with a minimum of 10 years of creditable service (8 years elected service) are eligible for a monthly health insurance subsidy based on the number of years of creditable service multiplied by \$3, and limited to the lesser of \$90 per month or the actual cost of the retiree's monthly health insurance premium.

Because the premium is a group rate which includes active lower cost employees, these retirees are receiving an "implicit subsidy". This implicit subsidy has a cost which is required to be disclosed in these financial statements. However, this annual cost, the accrued obligation, and other required disclosures have been calculated for the County as a whole, and not separately for the Sheriff. Accordingly, these calculations and disclosures can be found in the County-wide comprehensive annual financial report.

8. GRANT ASSISTANCE

The Sheriff serves as implementing agency for various grants which are reported in the Single Audit Report prepared by the Board.

9. RISK MANAGEMENT

The Sheriff is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board of County Commissioners has established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment
- Workers Compensation

The County is covered by outside insurance for the following exposures:

- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible
- Building Contents, \$5,000 deductible
- Boats

**SANTA ROSA COUNTY, FLORIDA SHERIFF
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

9. RISK MANAGEMENT – CONTINUED

Conventional insurance remains in effect for buildings, contents, Sheriff's general and professional liability, Sheriff's automobiles, and Sheriff's medical catastrophic insurance for treatment of prisoners. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Worker's compensation coverage is provided by the Florida Sheriff's Worker's Compensation Self Insurance Fund. Annual premium costs under this coverage were \$484,307 and \$454,655, for the years ended September 30, 2015 and 2014, respectively. Coverage limits under the policy include \$1,000,000 bodily injury for each accident and \$1,000,000 bodily injury by disease for each employee with a \$1,000,000 limit.

10. GOVERNMENTAL FUND BALANCES

Fund balances are classified as follows:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact.

Other fund balance amounts are classified depending on the Sheriff's ability to control the spending of the fund balances as follows:

Restricted fund balances can only be used for specific purposes which are externally imposed by creditors, grantors, contributors, and other governments (via laws and regulations), or are imposed by law through constitutional provisions or enabling legislation.

Committed fund balances can only be used for specific purposes imposed internally by the Sheriff's formal action of highest level of decision making authority. At year-end, the Sheriff had no committed fund balances.

Assigned fund balances are fund balances intended to be used for specific purposes, but which do not meet the more formal criterion to be considered either restricted or committed. At year-end, the Sheriff had no assigned fund balances.

Unassigned fund balances represent the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed, or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances. At year-end, the Sheriff had no unassigned fund balances because all unspent Board appropriations of the General Fund are required to be remitted to the Board and there were no negative residual balances in the special revenue funds.

SEPTEMBER 30, 2015

Budgets and Budgetary Accounting

The Sheriff operates under budget procedures pursuant to Chapters 30 and 129, Florida Statutes. The General Fund's budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America. The Sheriff is not legally required to prepare a budget for the other governmental funds; therefore, comparative budget and actual results are not presented for these funds. The legal level of budgetary control is the fund level.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Honorable Wendell Hall, Sheriff
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Santa Rosa County, Florida (hereinafter referred to as "Sheriff"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements and have issued our report thereon dated March 4, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE
REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR
GENERAL**

Honorable Wendell Hall, Sheriff
Santa Rosa County, Florida

We have examined the Office of the Sheriff of Santa Rosa County, Florida's (hereinafter referred to as "Sheriff") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2015.

Management is responsible for the Sheriff's compliance with those requirements. Our responsibility is to express an opinion on the Sheriff's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Sheriff's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Wendell Hall, Sheriff
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Santa Rosa County, Florida (hereinafter referred to as "Sheriff"), as of and for the year ended September 30, 2015 and the related notes to the financial statements, and have issued our report thereon dated March 4, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550 Rules of the Florida Auditor General.

Other Reports

We have also issued our Independent Auditors' Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 4, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554 (1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Sheriff, and the Santa Rosa County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Stan Colie Nichols
Tax Collector of Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements (hereinafter referred to as "financial statements") of the general fund and the tax fund of the Office of the Tax Collector of Santa Rosa County, Florida (hereinafter referred to as "Tax Collector") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tax Collector's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund and tax fund of the Tax Collector, as of September 30, 2015, and the respective changes in financial position, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund and tax fund of Santa Rosa County that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Santa Rosa County as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading "*Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*" The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

1. SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows.

Reporting Entity

The Office of the Tax Collector of Santa Rosa County, Florida (the "Tax Collector"), as established by Article VIII, Section 1(d), of the Constitution of the State of Florida, is an elected official of Santa Rosa County, Florida (the "County"). Although the Tax Collector is operationally autonomous from the Santa Rosa County Board of County Commissioners (the "Board"), it does not hold sufficient corporate powers to be considered a legally separate entity for financial reporting purposes. Therefore, the Tax Collector is considered part of County's primary government for external financial reporting purposes.

These financial statements of the Tax Collector are not intended to be a complete presentation of the financial position and results of operations of the County taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the financial statements consist of only the fund level financial statements as defined in Governmental Accounting Standards Board ("GASB") Statement No. 34, and do not include presentations of government-wide financial statements of the Tax Collector.

Fund Accounting

The accounting system of the Tax Collector is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The funds utilized by the Tax Collector are as follows:

Governmental Funds

These funds utilize a modified accrual basis of accounting. The measurement focus is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination).

General Fund – The general fund of the Tax Collector is used to account for all financial resources which are generated from operations of the office and any other resources not required to be accounted for in another fund.

Fiduciary Funds – The Tax Collector's sole fiduciary fund is an agency fund (the "Tax Fund"). Agency funds are used to account for assets held in a custodial capacity for others. Assets equal liabilities in agency funds and results of operations are not measured. The Tax Fund is used to account for receipts of various types of taxes, licenses, and fees collected on behalf of state, county, and municipal governmental agencies.

**SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statements. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental funds are accounted for using the modified accrual basis of accounting. The revenues are recognized when they become both measurable and available as net current assets. The Tax Collector considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recognized when the related fund liability is incurred. Agency funds use the accrual basis of accounting.

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with maturities of three months or less when purchased.

Accounting for Capital Assets

Capital assets are recorded as expenditures at the time of purchase by the Tax Collector. These assets (vehicles, equipment, and other tangible property and certain intangible property costing at least \$1,000 with a useful life of more than one year) are capitalized at cost and accounted for in the County's government-wide financial statements.

Compensated Absences

Employees accumulate a limited amount of earned but unused annual and sick leave which will be paid upon separation from service. Compensated absence expenditures are not recognized in the General Fund until payments are made to employees. However, these unpaid compensated absences are recorded as a liability when the benefits are earned in the County's government-wide financial statements.

Unspent Revenue and Fund Balance

In accordance with Section 218.36, Florida Statutes, unspent revenue is remitted proportionately to the various taxing districts at fiscal year-end. As a result, no fund balance exists at year end in the General Fund.

Events Occurring After the Reporting Date

The Tax Collector has evaluated events and transactions that occurred between September 30, 2015 and February 12, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. CASH AND INVESTMENTS

At September 30, 2015, the bank reported deposits before outstanding checks and deposits of \$1,903,310 all of which was held by a financial institution designated as a "qualified public depository" by the State Treasurer.

SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

2. CASH AND INVESTMENTS – CONTINUED

All deposits were fully insured through a combination of Federal depository insurance and participation of the financial institution in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, the Tax Collector does not believe it is exposed to any significant credit risk on its cash balances.

Florida Statutes authorize the Tax Collector to invest in obligations of the U.S. Treasury and interest bearing time deposits or savings accounts in banks participating in the multiple financial institution collateral pool. The Tax Collector does not have any assets of an investment nature as of September 30, 2015.

3. LONG-TERM DEBT – COMPENSATED ABSENCES

Disclosures required by Chapter 10.557(3)(h), Rules of the Auditor General State of Florida related to long-term debt are as follows:

Balance -- October 1, 2014	\$ 333,759
Earned absences	107,013
Used absences	<u>(123,623)</u>
Balance -- September 30, 2015	<u><u>\$ 317,149</u></u>

Compensated absences are paid by the General Fund.

4. PENSION AND RETIREMENT PLAN

Substantially all full-time employees of the Tax Collector are covered by the Florida Retirement System (FRS). The FRS was established in 1970 by Chapter 121, Florida Statutes and is administered by the Florida Department of Management Services, Division of Retirement. Changes to the FRS can be made only by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The FRS issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.myfrs.com or by writing to FRS, 2639-C North Monroe Street, Tallahassee, Florida 32399.

The FRS offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011 are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a multiple employer cost sharing defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with 6 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age.

SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

4. PENSION AND RETIREMENT PLAN – CONTINUED

Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. For employees enrolling in the plan for the first time on or after July 1, 2011, normal retirement benefits are available at age 65 with 8 or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age. Early retirement is available after 8 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members highest 5 (if enrolled prior to July 1, 2011) or 8 (if enrolled on or after July 1, 2011) fiscal years of earnings.

The FRS Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Employer contributions vest after 1 year of service whereas employee contributions vest immediately. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

DROP is available for members of the FRS Pension Plan who are vested and elect to participate in DROP within 1 year after reaching normal retirement age. Under this program, a member effectively retires while continuing to be employed for up to 5 years. While in DROP, the member's deferred monthly retirement benefits accumulate, earning interest and cost-of-living increases. When the DROP period is over, the participant terminates covered employment and begins receiving their predetermined monthly retirement benefit, as well as the accrued DROP benefit. Disability retirees are not eligible to participate in DROP, and DROP participants do not qualify for disability retirement.

Prior to July 2011, the plans were noncontributory for employees with all contributions being the participating FRS employer's responsibility. Effective July 1, 2011, participating employees contribute 3% of their gross salaries each pay period to the plan. Participating employer contributions are based upon state-wide rates established by the State of Florida. Average contribution rates for the fiscal year ended September 30, 2015 were as follows: regular employees, 7.34%, special risk employees, 20.38%, elected officials, 43%, senior management employees, 21.21%, and DROP participants, 12.43%. The Tax Collector's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contributions for each year. Contributions to the Investment Plan were equal to the legislatively-mandated contribution rates. Contributions to both plans totaled \$183,925, \$175,202, and \$118,650 for the years ended September 30, 2015, 2014, and 2013, respectively.

**SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

4. PENSION AND RETIREMENT PLAN – CONTINUED

Net Pension Liability-Proportionate Share

The Tax Collector has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the General Fund. All required disclosures and schedules may be found in the county-wide financial statements of Santa Rosa County, Florida.

5. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN

The Tax Collector participates in the health insurance plan offered to employees of the Board and other County Elected Officials (the Board plan). Additionally, retirees and eligible dependents have the option of continuing in the Board plan at the same group rate as for active employees. Although participating retirees are required to reimburse the Board for 100% of the premium cost, employees who retire with a minimum of 10 years of creditable service (8 years elected service) are eligible for a monthly health insurance subsidy based on the number of years of creditable service multiplied by \$3, and limited to the lesser of \$90 per month or the actual cost of the retiree's monthly health insurance premium.

Because the premium is a group rate which includes active lower cost employees, these retirees are receiving an "implicit subsidy". This implicit subsidy has a cost which is required to be disclosed in these financial statements. However, this annual cost, the accrued obligation, and other required disclosures have been calculated for the County as a whole, and not separately for the Tax Collector. Accordingly, these calculations and disclosures can be found in the County-wide comprehensive annual financial report.

6. LEASES

The Tax Collector leases certain office space and equipment under operating lease agreements with expiration dates through February 2021. Future minimum rental commitments under these leases are as follows:

Fiscal year end September 30:

2016	\$ 27,800
2017	28,800
2018	28,800
2019	28,800
2020	28,800
Thereafter	12,000
Total minimum future rental payments	<u>\$ 155,000</u>

Rental expense for the year ended September 30, 2015 was \$26,400.

7. RISK MANAGEMENT

SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

The Tax Collector is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board has established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Buildings and Contents, \$5,000 deductible
- Boats
- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings and their contents. There also were no significant reductions in insurance coverage from the prior year and settled claims resulting from conventional insurance risks have not exceeded coverage in any of the past three fiscal years. The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage. The Tax Collector participates in the program and makes payments to the Self-Insurance Fund based on historical estimates of amounts needed to pay prior and current year claims and to establish a reserve for catastrophe losses.

8. LITIGATION

The Tax Collector is contingently liable with respect to lawsuits and other claims which might be filed incidental to the ordinary course of operations. In the opinion of management, based on the advice of legal counsel, there are no lawsuits or claims outstanding which will have a material adverse effect on the financial position of the Tax Collector's Office.

**SANTA ROSA COUNTY, FLORIDA TAX COLLECTOR
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2015**

Budgets and Budgetary Accounting

The Tax Collector establishes an annual budget pursuant to Section 195.087, Florida Statutes. The budget is submitted to the Florida Department of Revenue for approval. A copy is provided to the Board and is incorporated into the overall county budget. The Tax Collector's budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control is the fund level.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Stan Colie Nichols
Tax Collector of Santa Rosa County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund and the tax fund of the Tax Collector of Santa Rosa County, Florida (hereinafter referred to as "Tax Collector"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements, and have issued our report thereon dated February 12, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE
REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

Honorable Stan Colie Nichols
Tax Collector of Santa Rosa County, Florida

We have examined the Office of the Tax Collector of Santa Rosa County, Florida's (hereinafter referred to as "Tax Collector") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2015.

Management is responsible for the Tax Collector's compliance with those requirements. Our responsibility is to express an opinion on the Tax Collector's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Tax Collector's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Stan Colie Nichols
Tax Collector of Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund and the tax fund of the Office of the Tax Collector of Santa Rosa County, Florida (hereinafter referred to as "Tax Collector"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated February 12, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reports

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports which are dated February 12, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554 (1) (i) 1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit. No recommendations were made in the preceding annual financial audit report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Tax Collector and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Donald Spencer – Clerk of Court and Comptroller
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Office of Clerk of Court and Comptroller of Santa Rosa County, Florida (hereinafter referred to as "Clerk") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Clerk's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Clerk, as of September 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above have been prepared for the purpose of complying with the Rules of the Auditor General, State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Santa Rosa County, Florida that is attributable to the Clerk. They do not purport to, and do not, present fairly the financial position of Santa Rosa County, Florida as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules on pages 14-16 be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements. The accompanying supplementary information, the combining statement of assets and liabilities on page 18, is presented for purposes of additional analysis and is not a required part of these financial statements. This statement is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 9, 2016 on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading "*Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards.*" The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows:

Reporting Entity

The Office of the Clerk of Court and Comptroller of Santa Rosa County, Florida (the "Clerk") was established as a constitutional office of Santa Rosa County, Florida (the "County") by Article VIII, Section 1 (d) of the Constitution of the State of Florida. The Clerk is an elected official of the County and serves as Clerk of the Circuit Court (duties described in Chapter 28, Florida Statutes), Clerk of the County Court (duties described in Chapter 34, Florida Statutes), and Clerk and Accountant to the Santa Rosa County Board of County Commissioners (the "BOCC") (in this capacity the Clerk is required to keep the minutes of the county commission, keep the accounts of the County, invest county funds, and perform such other duties as provided by law). The Clerk's office is funded by appropriations from the BOCC and by fees charged for providing court related services. Although the Clerk is operationally autonomous from the BOCC, it does not hold sufficient corporate powers to be considered a legally separate entity for financial reporting purposes. Therefore, the Clerk is considered part of the County's primary government.

These *financial statements* of the Clerk are not intended to be a complete presentation of the financial position and results of operations of the County, taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the financial statements consists of only the *fund level* financial statements as defined in GASB Statement No. 34, and do not include presentations of *government-wide* financial statements of the Clerk.

Fund Accounting

The accounting system of the Clerk's office is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The funds utilized by the Clerk are as follows:

Governmental Funds

These funds utilize a modified accrual basis of accounting. The measurement focus is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination).

SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

The Clerk reports the following major governmental funds:

General Fund is used to account for all financial resources that are generated from operations of the office, appropriations from the BOCC, and any other resources not required to be accounted for in another fund.

Courts Fund is a special revenue fund used to account for all court-related activities and court-related financial resources of the Clerk.

Courts Technology Fund is a special revenue fund used to account for the court-related technology needs of the Clerk.

Records Modernization Trust Fund is a special revenue fund used to account for monies collected according to Chapter 28.24, Florida Statutes, to be used exclusively for equipment, personnel training, and technical assistance in modernizing the official records system and to pay for equipment and start-up costs necessitated by a statewide recording system.

Title IV-D Fund is a special revenue fund used to account for activities related to Title IV-D child support cases. The funding provides assistance to the plaintiff and enforcement of collections through the Office of Child Support Enforcement.

10% Fines – Public Records Modernization Trust (PRMT) Fund is a special revenue fund used to account for 10% of fines collected and retained by the Clerk for supporting court operations.

Fiduciary Funds

The Clerk uses agency funds to account for assets being held in a trustee capacity or for individuals, private organizations, and/or other governments. Assets equal liabilities in agency funds.

Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statements. The basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available as net current assets. The Clerk considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recognized when the related fund liability is incurred. Agency funds use the accrual basis of accounting.

**SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Cash and Cash Equivalents

The Clerk's cash and cash equivalents consists of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition

Accounting for Capital Assets

Capital assets (vehicles, equipment, and other tangible property and certain intangible property costing at least \$1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and are accounted for in the County's government-wide financial statements.

Compensated Absences

Employees accumulate a limited amount of earned but unused annual, sick, and compensatory leave which will be paid upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the County's government-wide financial statements. For the governmental fund statements, expenditures are recognized when payments are made to employees.

Unspent Revenue

Annually, the Clerk must remit to the Board any unspent revenues attributable to non-court-related functions. Additionally, the Clerk must calculate and remit to the Department of Revenue Clerks of Courts Trust Fund the unspent revenues attributable to state funded court-related functions. These amounts are reported as due to other governmental units at year-end.

Fund Balances

Fund balances are classified either as non-spendable or as restricted, committed, assigned, and unassigned based on the extent to which there are external and internal constraints on the spending of these fund balances.

2. CASH

At September 30, 2015, the banks reported deposits before outstanding checks of \$5,572,447, all of which were held by financial institutions designated as "qualified public depositories" by the State Treasurer. All deposits were fully insured through a combination of federal depository insurance and participation of the financial institutions in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, risk of loss due to bank failure is not significant.

SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

3. LONG-TERM LIABILITY – COMPENSATED ABSENCES

Disclosures required by Chapter 10.557(3)(h), Rules of the State of Florida Auditor General, related to long term liabilities are as follows:

Balance - October 1, 2014	\$ 572,992
Increases	502,821
Decreases	<u>(488,253)</u>
Balance - September 30, 2015	<u>\$ 587,560</u>

Compensated absences are paid from the respective funds which incur compensation expenditures.

4. PENSION AND RETIREMENT PLAN

Substantially all full-time employees of the Clerk are covered by the Florida Retirement System (FRS). The FRS was established in 1970 by Chapter 121, Florida Statutes and is administered by the Florida Department of Management Services, Division of Retirement. Changes to the FRS can be made only by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The FRS issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.myfrs.com or by writing to FRS, 2639-C North Monroe Street, Tallahassee, Florida 32399.

The FRS offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011 are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a multiple employer cost sharing defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with 6 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

For employees enrolling in the plan for the first time on or after July 1, 2011, normal retirement benefits are available at age 65 with 8 or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age. Early retirement is available after 8 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2015

4. PENSION AND RETIREMENT PLAN – CONTINUED

Retirement age and years of service requirements also vary depending on membership class. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members highest 5 (if enrolled prior to July 1, 2011) or 8 (if enrolled on or after July 1, 2011) fiscal years of earnings.

The FRS Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Employer contributions vest after 1 year of service whereas employee contributions vest immediately. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination.

The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

DROP is available for members of the FRS Pension Plan who are vested and elect to participate in DROP within 1 year after reaching normal retirement age. Under this program, a member effectively retires while continuing to be employed for up to 5 years. While in DROP, the member's deferred monthly retirement benefits accumulate, earning interest and cost-of-living increases. When the DROP period is over, the participant terminates covered employment and begins receiving their predetermined monthly retirement benefit, as well as the accrued DROP benefit. Disability retirees are not eligible to participate in DROP, and DROP participants do not qualify for disability retirement.

Prior to July 2011, the plans were noncontributory for employees with all contributions being the participating FRS employer's responsibility. Effective July 1, 2011, participating employees contribute 3% of their gross salaries each pay period to the plan. Participating employer contributions are based upon rates established by the State of Florida. Blended contribution rates for the fiscal year ended September 30, 2015 were as follows: regular employees - 7.34%, special risk employees – 20.38%, elected officials – 43.00%, senior management employees – 21.21%, and DROP participants - 12.43%. The Clerk's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contributions for each year. Contributions to the Investment Plan were equal to the legislatively-mandated contribution rates. Contributions to both plans totaled \$347,267, \$317,014, and \$205,508 for the years ended September 30, 2015, 2014, and 2013, respectively.

Net Pension Liability – Proportionate Share

The Clerk has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the county-wide financial statements of Santa Rosa County, Florida.

**SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2015**

5. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN

The Clerk participates in the health insurance plan offered to employees of the Board and other County Elected Officials (the Board plan). Additionally, retirees and eligible dependents have the option of continuing in the Board plan at the same group rate as for active employees.

Although participating retirees are required to reimburse the Board for 100% of the premium cost, employees who retire with a minimum of 10 years of creditable service (8 years elected service) are eligible for a monthly health insurance subsidy of \$3 per year of creditable service, limited to the lesser of \$90 per month or the actual cost of the retiree's monthly health insurance premium.

Because the premium is a group rate which includes active lower cost employees, these retirees are receiving an "implicit subsidy". This implicit subsidy has a cost which is required to be disclosed in these financial statements. However, this annual cost, the accrued obligation, and other required disclosures have been calculated for the County as a whole, and not separately for the Clerk. Accordingly, these calculations and disclosures can be found in the County-wide comprehensive annual financial report.

6. FUND BALANCES

Fund balances consist of the following:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. The Clerk does not have any non-spendable fund balances.

The remaining fund balances are classified as follows depending on the Clerk's ability to control their spending:

Restricted fund balances can only be used for specific purposes which are externally imposed by creditors, grantors, contributors, or laws or regulations or are imposed by law through constitutional provisions or enabling legislation. As of September 30, 2015, the Clerk had restricted fund balances for state court operations of \$31,751 and for records modernization and court equipment and technology of \$923,565.

Committed fund balances can only be used for specific purposes imposed internally by the Clerk's formal action of highest level of decision making authority. At year end the Clerk had no committed fund balances.

Assigned fund balances are fund balances intended to be used for specific purposes, but which do not meet the more formal criterion to be considered either restricted or committed. At year end the Clerk had no assigned fund balances.

**SANTA ROSA COUNTY, FLORIDA CLERK OF COURT AND COMPTROLLER
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2015**

6. FUND BALANCES – CONTINUED

Unassigned fund balances represent the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed, or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances. At year end the Clerk had no unassigned fund balances because all unspent revenues of the General Fund are required to be returned to the BOCC and there were no negative residual balances in the special revenue funds.

7. CLAIMS AND CONTINGENCIES

The Clerk is involved from time to time in routine civil litigation incidental to the ordinary course of operations. In the opinion of management and legal counsel, there are no lawsuits or claims outstanding which might materially affect the financial position of the Clerk's Office.

8. RISK MANAGEMENT

The Clerk is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board maintains a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss.

Under this program the County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Building and contents, \$5,000 deductible
- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings and contents. There also were no significant reductions in insurance coverage from the prior year and settled claims resulting from conventional insurance risks have not exceeded coverage in any of the past three fiscal years. The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public official's liability coverage. The Clerk participates in the program and makes payments to the Self-Insurance Fund based on historical estimates of amounts needed to pay prior and current year claims and to establish a reserve for catastrophe losses.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Donald Spencer – Clerk of Court and Comptroller
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Office of Clerk of Court and Comptroller of Santa Rosa County, Florida (hereinafter referred to as “Clerk”), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Clerk’s financial statements and have issued our report thereon dated March 9, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF
COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, RULES OF
THE AUDITOR GENERAL**

Honorable Donald Spencer – Clerk of Court and Comptroller
Santa Rosa County, Florida

We have examined the Office of Clerk of Court and Comptroller of Santa Rosa County, Florida's (hereinafter referred to as the "Clerk") compliance with Florida Statute 218.415 in regards to investments, Florida Statutes 28.35 and 28.36 in regards to certain court-related functions, and Florida Statute 61.181 in regards to operation of a depository for alimony and child support for the year ended September 30, 2015.

Management is responsible for the Clerk's compliance with those requirements. Our responsibility is to express an opinion on the Clerk's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Clerk's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Donald Spencer – Clerk of Court and Comptroller
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements (“financial statements”) of each major fund and the aggregate remaining fund information of the Office of Clerk of Court and Comptroller of Santa Rosa County, Florida (hereinafter referred to as “Clerk”), as of and for the year ended September 30, 2015, and have issued our report thereon dated March 9, 2016.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reports

We have also issued our Independent Auditors’ Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants’ Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 9, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554 (1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Clerk, and the Santa Rosa County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Gregory S. Brown
Property Appraiser
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Santa Rosa County Property Appraiser, Santa Rosa County, Florida (the Property Appraiser), as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to an express opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund of the Property Appraiser as of September 30, 2015, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund of the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Santa Rosa County, Florida as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading "Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*". The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

**SANTA ROSA COUNTY, FLORIDA
PROPERTY APPRAISER
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows.

Reporting Entity

The Santa Rosa County, Florida Property Appraiser (the "Property Appraiser"), as established by Article VIII of the Constitution of the State of Florida, is an elected official of Santa Rosa County, Florida (the "County"). Although the Property Appraiser is operationally autonomous from the Santa Rosa County Board of County Commissioners (the "Board"), it does not hold sufficient corporate powers to be considered a legally separate entity for financial reporting purposes. Therefore, the Property Appraiser is considered part of the County's primary government.

The financial statements of the Property Appraiser are not intended to be a complete presentation of the financial position and results of operations of the County taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the financial statements consist of only the fund level financial statements as defined in GASB Statement No. 34, and do not include presentations of government-wide financial statements of the Property Appraiser.

Fund Accounting

The accounting system of the Property Appraiser is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The general fund of the Property Appraiser is used to account for all financial resources which are generated from operations of the office, appropriations from the Board, or any other resources not required to be accounted for in another fund. The measurement focus is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination).

Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statements. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The general fund uses the modified accrual basis of accounting. Its revenues are recognized when they become both measurable and available as net current assets. The Property Appraiser considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recognized when the related fund liability is incurred.

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Accounting for Capital Assets

Capital assets (vehicles, equipment, and other tangible and certain intangible property costing at least \$1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and accounted for in the County's government-wide financial statements.

Compensated Absences

Employees accumulate a limited amount of earned but unused annual and sick leave which will be paid upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the County's government-wide financial statements. For the general fund, compensated absence expenditures are recognized when payments are made to employees.

Unspent Revenue and Fund Balance

In accordance with Section 218.36(2), Florida Statutes, unspent revenue is remitted to the Board at fiscal year-end. This unspent revenue is reported as due to Board of County Commissioners, therefore, fund balance is zero.

Events Occurring After Reporting Date

The Property Appraiser has evaluated events and transactions that occurred between September 30, 2015 and February 16, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. CASH

At September 30, 2015, the bank reported deposits before outstanding checks of \$394,951 all of which were held by a financial institution designated as "a qualified public depository" by the State Treasurer. All deposits were fully insured through a combination of Federal depository insurance and participation of the financial institution in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, risk of loss due to bank failure is not significant.

3. LONG-TERM DEBT - COMPENSATED ABSENCES

Disclosures required by Chapter 10.557(3)(h), Rules of the State of Florida Auditor General, related to long-term debt are as follows:

Balance - October 1, 2014	\$ 348,487
Increases	135,566
Decreases	<u>(150,232)</u>
Balance - September 30, 2015	<u><u>\$ 333,821</u></u>

**SANTA ROSA COUNTY, FLORIDA
PROPERTY APPRAISER
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

4. PENSION AND RETIREMENT PLAN

Substantially all full-time employees of the Property Appraiser are covered by the Florida Retirement System (FRS). The FRS was established in 1970 by Chapter 121, Florida Statutes and is administered by the Florida Department of Management Services, Division of Retirement. Changes to the FRS can be made only by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The FRS issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.myfrs.com or by writing to FRS, 2639-C North Monroe Street, Tallahassee, Florida 32399.

The FRS offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011, are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a multiple employer cost sharing defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with 6 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

For employees enrolling in the plan for the first time on or after July 1, 2011, normal retirement benefits are available at age 65 with 8 or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age.

Early retirement is available after 8 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class.

Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members highest 5 (if enrolled prior to July 1, 2011) or 8 (if enrolled on or after July 1, 2011) fiscal years of earnings.

The FRS Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Employer contributions vest after 1 year of service whereas employee contributions vest immediately. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

**SANTA ROSA COUNTY, FLORIDA
PROPERTY APPRAISER
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

4. PENSION AND RETIREMENT PLAN – CONTINUED

The Deferred Retirement Option Program (DROP) is available for members of the FRS Pension Plan who are vested and elect to participate in DROP within 1 year after reaching normal retirement age. Under this program, a member effectively retires while continuing to be employed for up to 5 years. While in DROP, the member's deferred monthly retirement benefits accumulate, earning interest and cost-of-living increases. When the DROP period is over, the participant terminates covered employment and begins receiving their predetermined monthly retirement benefit, as well as the accrued DROP benefit.

Disability retirees are not eligible to participate in DROP, and DROP participants do not qualify for disability retirement.

Prior to July 2011, the plans were noncontributory for employees with all contributions being the participating FRS employer's responsibility. Effective July 1, 2011, participating employees contribute 3% of their gross salaries each pay period to the plan. Participating employer contributions are based upon state-wide rates established by the State of Florida. Average contribution rates for the fiscal year ended September 30, 2015 were as follows: regular employees, 7.34%, special risk employees, 20.38%, elected officials, 43.00%, senior management employees, 21.21%, and DROP participants, 12.43%.

The Property Appraiser's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contributions for each year. Contributions to the Investment Plan were equal to the legislatively-mandated contribution rates. Contributions to both plans totaled \$169,689, \$157,315, and \$99,488 for the years ended September 30, 2015, 2014, and 2013, respectively.

Net Pension Liability - Proportionate Share

The Property Appraiser has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the general fund. All required disclosures and schedules may be found in the county-wide financial statements of Santa Rosa County, Florida.

5. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN

The Property Appraiser participates in the health insurance plan offered to employees of the Board and other County Elected Officials (the Board plan). Additionally, retirees and eligible dependents have the option of continuing in the Board plan at the same group rate as for active employees. Although participating retirees are required to reimburse the Board for 100% of the premium cost, employees who retire with a minimum of 10 years of creditable service (8 years elected service) are eligible for a monthly health insurance subsidy based on the number of years of creditable service multiplied by \$3, and limited to the lesser of \$90 per month or the actual cost of the retiree's monthly health insurance premium.

**SANTA ROSA COUNTY, FLORIDA
PROPERTY APPRAISER
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

5. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN – CONTINUED

Because the premium is a group rate which includes active lower cost employees, these retirees are receiving an “implicit subsidy”. This implicit subsidy has a cost which is required to be disclosed in these financial statements. However, this annual cost, the accrued obligation, and other required disclosures have been calculated for the County as a whole, and not separately for the Property Appraiser. Accordingly, these calculations and disclosures can be found in the County-wide comprehensive annual financial report.

6. RISK MANAGEMENT

The Property Appraiser is exposed to various risks of loss related to torts: theft and damage of assets, errors and omissions, injuries to employees, and natural disasters. The Board has a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss.

The County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Buildings and contents, \$5,000 deductible
- Boats
- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials’ Liability, \$25,000 deductible

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public official’s liability coverage.

The Property Appraiser participates in the County’s self-insurance program and makes payments to the Self-Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophe losses.

7. LITIGATION

The Property Appraiser is contingently liable with respect to lawsuits and other claims which might be filed incidental to the ordinary course of operations. In the opinion of management, based on the advice of legal counsel, there are no lawsuits or claims outstanding which will have a material adverse effect on the financial position of the Property Appraiser’s Office.

Budget and Budgetary Accounting

The Property Appraiser operates under budget procedures pursuant to Section 195.087, Florida Statutes. The Property Appraiser's budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control is at the fund level.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Honorable Gregory S. Brown
Property Appraiser
Santa Rosa County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Santa Rosa County, Florida Property Appraiser (the Property Appraiser) as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated February 16, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Property Appraiser's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF
COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

Honorable Gregory S. Brown
Property Appraiser
Santa Rosa County, Florida

We have examined the Office of the Property Appraiser of Santa Rosa County, Florida's (hereinafter referred to as "Property Appraiser") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2015.

Management is responsible for the Property Appraiser's compliance with those requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Property Appraiser's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Gregory S. Brown
Property Appraiser of Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund of the Office of the Property Appraiser of Santa Rosa County, Florida, as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon February 16, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reports

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are February 16, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Property Appraiser, the Santa Rosa County Board of County Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Tappie Villane
Santa Rosa County, Florida, Supervisor of Elections

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Santa Rosa County, Florida Supervisor of Elections, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund of the Supervisor of Elections, as of September 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of that portion of the general fund attributable solely to the operations of the Supervisor of Elections. They do not purport to, and do not, present fairly the financial position of Santa Rosa County, Florida, as of September 30, 2015, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Supervisor of Elections' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters included under the heading "*Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*" The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

SANTA ROSA COUNTY, FLORIDA SUPERVISOR OF ELECTIONS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

1. SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows.

Reporting Entity

The Santa Rosa County, Florida Supervisor of Elections (the "Supervisor of Elections"), as established by Article VIII of the Constitution of the State of Florida, is an elected official of Santa Rosa County, Florida (the "County"). Although the Supervisor of Elections is operationally autonomous from the Santa Rosa County Board of County Commissioners (the "Board"), it does not hold sufficient corporate powers of its own to be considered a legally separate entity for financial reporting purposes. Therefore, the Supervisor of Elections is reported as a part of the primary government of the County.

These financial statements are not intended to be a complete presentation of the financial position and results of operations of the County, taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the financial statements consists of only the *fund level* financial statements as defined in Government Accounting Standards Board (GASB) Statement No. 34, and do not include presentations of *government-wide* financial statements of the Supervisor of Elections.

Pursuant to the provisions of 129.202, Florida Statutes, the Supervisor of Elections has elected to have the Office of the Clerk of Court and Comptroller of Santa Rosa County maintain the books and records pertaining to the operations of the Supervisor of Elections. Therefore, the Supervisor of Elections does not maintain a separate cash account and all cash activity for the Supervisor of Elections is recorded in the common cash account of the Board. The "Due from Board of County Commissioners" account on the balance sheet represents the amount of cash held on behalf of the Supervisor of Elections.

Fund Accounting

The accounting system of the Supervisor of Elections is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The general fund of the Supervisor of Elections is used to account for all financial resources which are generated from operations of the office, appropriations from the Board, or any other resources not required to be accounted for in another fund.

This fund utilizes a modified accrual basis of accounting. The measurement focus is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination).

**SANTA ROSA COUNTY, FLORIDA SUPERVISOR OF ELECTIONS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015**

1. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statement. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become both measurable and available as net current assets. The Supervisor of Elections considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recognized when the related fund liability is incurred.

Accounting for Capital Assets

Capital assets (vehicles, equipment, and other tangible and certain intangible property costing at least \$1,000 with a useful life of more than one year) are recorded as expenditures in the fund level financial statements at the time of purchase. These assets are also capitalized at cost and accounted for in the County's government-wide financial statements.

Compensated Absences

Employees accumulate a limited amount of earned but unused sick and annual leave which will be paid upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the County's government-wide financial statements. For the governmental fund statements, expenditures are recognized when payments are made to employees.

2. LONG-TERM LIABILITIES - COMPENSATED ABSENCES

Disclosures required by Chapter 10.557(3)(h), Rules of the Auditor General State of Florida related to the liability for compensated absences are as follows:

Balance - October 1, 2014	\$ 42,453
Increases	20,198
Decreases	<u>(48,795)</u>
Balance - September 30, 2015	<u><u>\$ 13,856</u></u>

3. PENSION AND RETIREMENT PLAN

Substantially all full-time employees of the Supervisor of Elections are covered by the Florida Retirement System (FRS). The FRS was established in 1970 by Chapter 121, Florida Statutes and is administered by the Florida Department of Management Services, Division of Retirement. Changes to the FRS can be made only by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code.

SANTA ROSA COUNTY, FLORIDA SUPERVISOR OF ELECTIONS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

3. PENSION AND RETIREMENT PLAN – CONTINUED

The FRS issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.myfrs.com or by writing to FRS, 2639-C North Monroe Street, Tallahassee, Florida 32399.

The FRS offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011 are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a multiple employer cost sharing defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with 6 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

For employees enrolling in the plan for the first time on or after July 1, 2011, normal retirement benefits are available at age 65 with 8 or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age. Early retirement is available after 8 years of service with a 5% reduction of benefits for each year prior to the normal retirement age.

Retirement age and years of service requirements also vary depending on membership class. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members highest 5 (if enrolled prior to July 1, 2011) or 8 (if enrolled on or after July 1, 2011) fiscal years of earnings.

The FRS Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Employer contributions vest after 1 year of service whereas employee contributions vest immediately. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

DROP is available for members of the FRS Pension Plan who are vested and elect to participate in DROP within 1 year after reaching normal retirement age. Under this program, a member effectively retires while continuing to be employed for up to 5 years. While in DROP, the member's deferred monthly retirement benefits accumulate, earning interest and cost-of-living increases. When the DROP period is over, the participant terminates covered employment and begins receiving their predetermined monthly retirement benefit, as well as the accrued DROP benefit. Disability retirees are not eligible to participate in DROP, and DROP participants do not qualify for disability retirement.

3. PENSION AND RETIREMENT PLAN – CONTINUED

Prior to July 2011, the plans were noncontributory for employees with all contributions being the participating FRS employer's responsibility. Effective July 1, 2011, participating employees contribute 3% of their gross salaries each pay period to the plan. Participating employer contributions are based upon state-wide rates established by the State of Florida. Average contribution rates for the fiscal year ended September 30, 2015 were as follows: regular employees, 7.34%, special risk employees, 20.38%, elected officials, 43.00%, senior management employees, 21.21%, and DROP participants, 12.43%.

The Supervisor of Elections contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contributions for each year. Contributions to the Investment Plan were equal to the legislatively-mandated contribution rates. Contributions to both plans totaled \$68,893, \$61,513 and \$32,065 for the years ended September 30, 2015, 2014, and 2013, respectively.

Net Pension Liability - Proportionate Share

The Supervisor of Elections has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the General Fund. All required disclosures and schedules may be found in the county-wide financial statements of Santa Rosa County, Florida.

4. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN

The Supervisor of Elections participates in the health insurance plan offered to employees of the Board and other County Elected Officials (the Board plan). Additionally, retirees and eligible dependents have the option of continuing in the Board plan at the same group rate as for active employees. Although participating retirees are required to reimburse the Board for 100% of the premium cost, employees who retire with a minimum of 10 years of creditable service (8 years elected service) are eligible for a monthly health insurance subsidy based on the number of years of creditable service multiplied by \$3, and limited to the lesser of \$90 per month or the actual cost of the retiree's monthly health insurance premium.

Because the premium is a group rate which includes active lower cost employees, these retirees are receiving an "implicit subsidy". This implicit subsidy has a cost which is required to be disclosed in these financial statements. However, this annual cost, the accrued obligation, and other required disclosures have been calculated for the County as a whole, and not separately for the Supervisor of Elections. Accordingly, these calculations and disclosures can be found in the County-wide comprehensive annual financial report.

5. RISK MANAGEMENT

The Supervisor of Elections is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board uses a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Buildings and contents, \$5,000 deductible
- Boats
- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year. The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage. The Supervisor of Elections participates in the program and makes payments to the Self-Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2015**

Budgets and Budgetary Accounting

The Supervisor of Elections operates under budget procedures pursuant to Florida Statutes. The Supervisor of Elections' budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Budget appropriations lapse at the end of the year, and are not carried over to the following year. The legal level of budgetary control is at the fund level.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Tappie Villane
Supervisor of Elections
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the general fund of the Office of the Supervisor of Elections of Santa Rosa County, Florida (hereinafter referred to as "Supervisor of Elections"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated February 22, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF
COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

Honorable Tappie Villane
Supervisor of Elections
Santa Rosa County, Florida,

We have examined the Office of the Supervisor of Elections of Santa Rosa County, Florida's (hereinafter referred to as the "Supervisor of Elections") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2015.

Management is responsible for the Supervisor of Elections' compliance with those requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Supervisor of Elections' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Supervisor of Elections' compliance with specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

MANAGEMENT LETTER

Honorable Tappie Villane
Supervisor of Elections
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund of the Office of the Supervisor of Elections of Santa Rosa County, Florida (hereinafter referred to as the "Supervisor of Elections"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated February 22, 2016.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports

We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 22, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial audit report.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554 (1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, Santa Rosa County Board of County Commissioners, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
