

Report on Review of Bagdad Volunteer Fire Department Use of MSBU Funds Fiscal Year 2019-20

We have conducted a limited scope review of the Bagdad Volunteer Fire Department. Our work flows from language contained in Ordinance 90-23 providing for an audit of expenditures of MSBU funds to confirm proper expenditure of those funds. Our review was conducted in accordance with Standards for the Professional Practice of Internal Auditing promulgated by the Institute of Internal Auditors.

Background

The Bagdad Volunteer Fire Department is a Florida not-for-profit corporation incorporated under the rules of Florida. Its corporate status is current.

Bagdad Volunteer Fire Department (VFD) was included in the Santa Rosa County Fire Protection Municipal Service Benefit Unit (MSBU) on May 24, 1990 in accordance with County Ordinance 90-23. Each year, the VFD submits a budget request to the County. The final adopted budget for Bagdad is advanced to them in twelve monthly payments. Funds budgeted to Bagdad for the 2019-20 fiscal year were \$294,127.00

Objectives and Scope

The objective of our audit was to evaluate expenditures by the VFD from the MSBU allocation. Expenditures were evaluated to determine whether they were an appropriate use of MSBU funds as delineated in the budget adopted by Santa Rosa County. The period covers debits and checks issued and dated between October 1, 2019 and September 30, 2020.

This was a limited scope audit, the purpose of which was to determine whether the VFD expended MSBU funds in accordance with the budget adopted by Santa Rosa County and to ensure that expenditures were an appropriate use of MSBU funds. Our work is not an audit of financial statements of the VFD the purpose of which is to issue an opinion on those financial statements and accordingly we have not issued such an opinion.

Methodology

For the period under review we obtained relevant accounting records and supporting documentation from the treasurer for the VFD. We selected a random sample of expenditures for the period under review. For those examined, we traced these disbursements to items cleared by the bank and observed images of the cancelled check where available, to confirm the payee. We examined supporting documentation for sufficiency and whether the expenditure was an appropriate use of MSBU Funds. In addition, we traced payments made by Santa Rosa County to bank statements provided by the VFD.

While not part of our review, and to the extent we encounter them, we assessed internal controls in place for design and effectiveness.

Conclusions

Based on our work we have concluded that the Bagdad Volunteer Fire Department expended all funds received from the County pursuant to the budget approved by the County. Expenditures examined were properly supported and appropriate.

All County MSBU distributions to the VFD were deposited in the Bagdad Volunteer Fire Department bank account at Suntrust Bank.

Work papers are available for further review.
